GLYNN SWORN IN AS GOVERNOR

IMPEACHED GOVERNOR DEPOSED

Court Takes the State's
Chief Office From
Sulzer

Vote for Removal Is 43
to 12; Is Not Dis-
qualified

BULLETIN.
ALBANY, N. Y., Oct. 17.—Martin
H. Glynn was sworn in as governor at
3:44 o'clock this afternoon. Presid-
ing Judge Cullen of the Court of Ap-
peals administered the oath of office.

ALBANY, N. Y., Oct. 17.—
William Sulzer no longer
is Governor of the State
of New York. A few
minutes before noon today the
high court of impeachment, by a
vote of 43 to 12, removed him
from office.

Senator Weade and Judge
Cullen excused themselves from
voting. The proposition of dis-
qualifying Sulzer from ever
again holding a place of honor
or trust in the State was voted
down unanimously, with the ex-
ception that Judge Cullen again
excused himself from recording his
vote.

The governor received the news of
his removal in silence at the resi-
dence, where he had waited
all morning to hear the result. He
said he might make a statement later.

UNANIMOUSLY VOTED OUT.
Prior to the vote on his disqualifi-
cation and removal the last four
articles of the impeachment charges,
five, six, seven and eight, were unani-
mously voted out.

Court was in session little more
than an hour. It was officially ad-
journed a minute after 12 o'clock.
Martin H. Glynn, of Albany, the
acting governor, became governor.

Robert F. Wagner of New York, ma-
jority leader of the Senate, became
lieutenant governor.

No official notice of removal was
given Sulzer. A record of the de-
cision of the court was filed with the
secretary of state, thus complying
with all the legal requirements to
remove the governor.

VOTE AGAINST DISQUALIFYING.
The vote on the question of dis-
qualifying the governor from holding
further office was unanimously nega-
tive, except in the case of Judge Cul-
len, who was excused from voting.

A few minutes before 12 o'clock
Judge Cullen announced, formally:
"The governor is hereby removed."

On the statement of Senator Wag-
ner "that there is practical unanimity
among the members of the court on
the three articles on which we are

MILLIONAIRE CHILD DIVORCES BELLBOY

Mrs. Viola Lux - Putman
Ends School Girl
Romance

SAN FRANCISCO, Oct. 17.—The final
chapter in the school romance of Mrs.
Viola Lux Putman, daughter of Charles
Lux, the local millionaire, and grand-
daughter of Henry Lux, founder of the
firm of Miller & Lux, was closed by Su-
perior Judge Van Ness this morning,
when she was given a divorce decree from
her husband, a bellboy with whom
she eloped from the Notre Dame Convent
in January, 1910. The youthful bride had
\$80,000 by way of pocket money when she
left the strict institution where she had
been educated and went on her fortune
with the knight of the brass buttons, whose
gammer manner and intoxicating smile
quite enraptured her.

"I paid all the bills," she explained to
the court. "When I was ill and went to
the hospital I paid for that, too."
The young woman testified further that
she had not seen her spouse for three
months and that she wanted no alimony.
She was allowed to resume her maiden
name.

TRAIN WINS OAKLAND RACE FROM STORK

A quick trip from Los Gatos to
Oakland, completed just in time,
makes the latest arrival in the
family of Rev. H. A. Jump, for-
merly pastor of the First Congrega-
tional church, a native of Oak-
land. The new arrival—a boy—
was born this morning after a
hurried journey, that he might
claim "My City, Oakland," as his
native city.

The former pastor and his wife
had been spending a vacation at
Los Gatos and planned to stay for
some time. Deciding, however,
that their expected child should
be born in Oakland, they returned.
Mother and son are both doing
well, according to the doctor. The
railroad train beat the stork.

COLLISION WRECKS 2 AUTOS

Bohemian Club Man-
ager Smashes Motor
of Dr. R. L. Hursh

SAN FRANCISCO, Oct. 17.—Frank W.
Smith, house manager of the exclusive
Bohemian Club, who resides at 529 Ninth
avenue, faces a charge of driving an au-
tomobile while intoxicated and fast speed-
ing as the result of a bad smashup on the
south drive in Golden Gate Park shortly
after 1 o'clock this morning, in which a
half-dozen persons were pitched helter
skelter into the roadway and among the
bushes which line the boulevard.

The only person injured was a man
whose name could not be learned and who
was riding in Smith's car. He was taken
up in another machine and so far has
not been located. Eyewitnesses showed mu-
tual evidences of the serious nature of the
collision, as Smith's car stands upside down
in the road, and the second machine is
smashed almost beyond repair.

Dr. Ray L. Hursh, a dentist of 1801 A
Guerrero street, was driving the second
automobile. He was accompanied by his
wife and A. W. Dunning, a contracting
engineer. According to Mrs. Hursh, they
were riding along rather slowly, enjoying
the moonlight and the balmy air, when
suddenly from around the curve, on the
wrong side of the drive, Smith's machine
loomed up. The two headlights caused a
blinding flash and a second later the
crash occurred. Smith, his wife, and the
citizen whose identity is obscure, were
pitched into the brush on one side, while
Dr. Hursh, Mrs. Hursh and Dunning
struck the road with a hard thud. Several
other machines stopped to render what
assistance they could and one of them
picked up the injured man. Save for a
bad shaking up, none of the other occu-
pants of the autos were hurt, and Ser-
geant of Police Ingham, who happened
along, listened to the stories told on both
sides and promptly arrested Smith on the
charges as given above.

"I was not intoxicated," declared Smith
when he appeared at police headquarters
at 10 o'clock to answer to the charges
before the police court. "I was only go-
ing 20 miles an hour and was not respon-
sible for the accident. I repeat that I was
in my sober senses and that is all I will
say."

Smith declined to give the name of the
man accompanying him who was hurt.
Smith's contention that he was not in-
toxicated was supported in Judge Sulli-
van's court by the testimony of Super-
visor George Gallagher. He asserted that
Smith was a total abstainer. The case
was then continued one week.

Wisconsin Day at Exposition Grounds

SAN FRANCISCO, Oct. 17.—This was
Wisconsin Day on the grounds of the
Panama-Pacific International Exposition.
Governor McAdams of that State and his
commissioners took title to and dedicated
a site for the Wisconsin Building, while
many members of the Wisconsin Society
of California listened to addresses by Gov-
ernor Johnson of California, Governor Mc-
Adams and others. The visitors from
Wisconsin were guests at a luncheon of
the exposition directors and reviewed the
United States troops at the Presidio.

Governor Proclaims Nov. 24 a Holiday

SACRAMENTO, Oct. 17.—Governor Hi-
ram W. Johnson this morning issued a
formal proclamation declaring November
24 a legal holiday in commemoration of
the hundredth anniversary of the
birth of Junipero Serra, the Franciscan
father who introduced the first civiliza-
tion in California.

SUCCESSOR TO YORKE NAMED

Father J. W. Sullivan
to Be Next Oakland
Pastor

Veteran Priest Returns
to San Francisco
Next Week

Rev. Father John W. Sullivan, formerly
an instructor in English in St. Patrick's
Seminary at Menlo Park, has been ap-
pointed the successor to Rev. Father Peter
C. Yorke, who has been assigned to St.
Peter's Church of San Francisco, and who
will preach his last sermon next Sunday
morning in St. Anthony's Church, over
which he has presided for the past 20
years. The official announcement of
Father Sullivan's appointment was made
today by Right Rev. Archbishop Riordan
of San Francisco.

Upon a number of occasions Father Sul-
livan has been heard on this side of the
bay, where he is held in high esteem by
the laity as well as the clergy. Through-
out the State of California, he is known
as a brilliant scholar and a gifted orator.

According to reports, Father Yorke will
assume his duties in St. Peter's Church
and Father Sullivan will enter St. An-
thony's Church as its pastor next week.

Father Sullivan is a native of San Fran-
cisco, where he was born 45 years ago.
He was educated at the Sacred Heart
College, Ellicott, Maryland; the Catholic
University at Washington, and St. Mary's
Seminary at Baltimore. For many years
he has been one of the teachers in St.
Patrick's Seminary, Menlo Park.

Members of St. Anthony's parish will
tender Father Yorke a farewell reception
on Sunday, October 20, at 10 o'clock at St.
Anthony's Church, where he will act as chairman.
Hugh Hogan will deliver the address of the evening.
The program will consist of two vocal
numbers to be given by the boys of St.
Anthony's school. Maurice Kennedy will
speak in behalf of the students. The girls
of Our Lady of Lourdes Academy will
sing. The affair will be public.

CHINESE BRIGANDS MURDER 300 PEOPLE

Burn Two Missions, the
Property of Ameri-
can Churches

PERKING, Oct. 17.—A force of brigands,
commanded by Hwang Liang, has mur-
dered 300 people in the Province of Fo-
kien and also burned two mission
churches.

The American missionaries from the
disturbed district are still in Fu-chow,
where they took refuge during the recent
troubles. The Chinese government has
troops sent against the brigands have not
shown much anxiety. The Chinese war
office today promised the American
charge d'affaires, Edward T. Williams,
that it would institute effective measures
for the suppression of the brigands.

Fresh Fires Break Out; Acres Devastated

SAN JOSE, Oct. 17.—The fires in the
Zyante and Newell creeks broke out
afresh this forenoon, and the former is
doing immense damage, devastating sec-
ond growth timber in a valuable section
that was intended for summer homes. At
the summit on San Lorenzo creek, where
a fire has been made during
the past few days to keep the flames from
entering the 50,000 acres redwood forest
on the Pescadero, the fire seems to be
under control. The fire on King Creek
is working its way down toward Bear
Creek in spite of the efforts of a large
force of men.

Quakes Shake Cities Of Central America

SAN JUAN DEL SUR, Oct. 17.—
Violent earthquakes today shook the
cities of Managua, Masaya and Granada.
The alarmed population deserted their
homes for the public squares and
open spaces. One building col-
lapsed in Jalapa, a suburb of Granada.

The earth tremors coincide with the
activity of the volcano of Santiago.

Said Ali Khan Views Murdered Girl's Body Hindu Fugitive Is Brought to Richmond

Photograph taken by TRIBUNE photographer today of Said Ali Khan undergoing third degree in his cell at Richmond. From left to right are Chief of Police Arnold, Said Ali Khan and Sheriff Veale, the latter holding the weight with which the body of Rosa Domingo was sunk. Below is the accused slayer.

NOW DENIES HE MADE CONFESSION

Appears Stoical While
Gazing at Remains
in Morgue

With a denial of his recent con-
fession on his lips, Said Ali Khan, the
Hindu, who has described in detail
his murder of pretty Rosa Domingo
in his cabin near Stage, arrived at
Richmond this morning in the custody
of Police Sergeant R. N. Ruiz and
Sheriff R. R. Veale.

Said Ali Khan was forced this
morning to view the body of the girl
whose murder he has confessed and
whose body he admitted was weighted
with iron and thrown into the bay.

The funeral of the Domingo girl
was held this afternoon.

Unperturbed and even nonchalant,
Khan, escorted by Sheriff Veale and
Sergeant Ruiz, left the "Owl" train
at the Richmond station at 8:05
o'clock this morning. Chief of Police
Arnold and several officers were pres-
ent to receive the prisoner, as were a
number of curious people. Khan was
then taken to the morgue and shown
the body of Rosa Domingo, whom he
admitted killing and then denied his
confession.

APPEARS UNCONCERNED

Showing absolutely no feeling, the
Hindu merely looked at the form on
the marble slab.

"Do you know this girl?" was asked
of Khan.

"I knew her when she was alive,"
he answered in broken English.
"Didn't you kill her?" was next
asked.

"No," answered the Hindu.
Following other questions, all of
which the Hindu withstood with no
visible show of emotion, he was taken
to the city prison.

Before being put into a cell Khan
was given a seat in an outer office.
Scores of curious persons had gath-
ered and it was necessary for the po-
lice to clear the building.

On the wall of the office was a car-
toon depicting the arm of the law
reaching from Richmond to Southern
California, the hand of which held in
its grasp a struggling Hindu. The

iff Veale and a stenographer present,

AMERICANS KILLED IN MEXICAN FEUD

Mine Official and
Worker Victims of
Fight

GUADALAJARA, Mex., Oct. 17.—Two
American citizens and one Mexican were
killed on Tuesday as the result of a feud
at Hostotipaquillo, a mining camp in
the State of Jalisco, about 80 miles to
the northwest of this city. Twenty-five
foreigners there were threatened with ex-
termination.

The dead Americans are Thomas Bar-
rett, a mine manager, and William Ken-
nedy.

News of the killing reached this city
today.

Barrett was murdered with an axe by
the Mexican, who was captured by Ken-
nedy and turned over to the rural guards.
While the guards were escorting the mur-
derer to Magdalena they shot him.

A story reached the mining camp that
the murderer had been killed by Kennedy.

SALOONMAN TESTS NEW CLOSING LAW

State Wins First Move
in Legal Action
Taken

SAN FRANCISCO, Oct. 17.—Denied a
writ of habeas corpus by the State Court
of Appeal in a case to test the validity of
the law which closes the saloons of Cal-
ifornia from 2 a. m. to 5 a. m., attorneys
for Lewis Schollmayer, it was announced
today, will carry their fight to the Su-
preme Court of the State.

In this city, appeared in police court yes-
terday charged with violating the closing
law, he refused to deposit bail, and was
ordered into custody. His attorneys then
applied for the writ of habeas corpus.

Saloonkeepers of San Francisco and Sacra-
mento, which cities were affected by
the new law, are watching closely the out-
come of Schollmayer's fight.

ZEPPELIN 2 BLOWN TO ATOMS

Baron Von Bleut Is Sole
Survivor of Tragic
Accident.

He, Too, Is Likely to
Die; Eyes Des-
troyed.

BERLIN, Oct. 17.—The
newest and largest of
the Zeppelin war air-
ships, the "L-12," was
destroyed in midair by an ex-
plosion at 11:15 this morning.
All but one of the twenty-eight
on board, including the entire
admiralty trial board, were
killed.

The disaster occurred just
above the main street in the
city of Johannisthal while the
big dirigible was making a trial
trip, preliminary to its accept-
ance as flagship of the new Ger-
man aerial navy.

The shattered bulk of the airship, a
mass of blazing canvas and crumpled
aluminum, dropped 900 feet into the
public highway.

Lieutenant Baron von Bleut, of the
Queen Augusta Grenadier Guards,
who was making the trip as a guest,
was the only survivor. His condition
is critical. Many of the bodies were
so burned and mangled as to be un-
recognizable.

The admiralty trial board consisted
of seven officers, including Lieuten-
ant-Commander Behnisch and Senior
Lieutenant Freyer of the German
naval flying corps. The airship's pilot
was Captain Clund, a veteran steers-
man in the employ of Count Zeppelin.
Naval Constructors Neumann and
Tiedemann were also on board.

Among those on board the ship,
Lieutenant-Commander Behnisch
was a close friend of the emperor. He
was former navigating officer of the
Imperial yacht Hohenzollern and later
commander of the cruiser Panther.

FAVORITE OF EMPEROR.

Lieutenant Freyer was also a fa-
vorite of Emperor William. He was
formerly personal adjutant of Prince
Adolph, one of the sons of the em-
peror.

MAYOR RETURNS FROM CONVENTION

Liquor Ordinance Will
Come Up Monday or
Tuesday

Mayor Frank K. Mott returned today
from Venice and Los Angeles, where he
presided over the annual convention of
the League of California Municipalities.
City Clerk Frank Smith was with the
mayor, but returned a few days sooner.
Smith filed a report of his visit to the
session with the city council today.

Mayor Mott announced that he would
immediately have the city council resume
the consideration of the liquor ordinance,
and that the matter would probably be
settled early next week. The ordinance
will come before the city council Monday
or Tuesday.

Mayor Mott found that in Los Angeles
the tax bills are being mailed to the prop-
erty owners. He announced today that
he will take up the matter with City
Treasurer Edwin Meese and that this cus-
tom will probably be instituted in Oak-
land.

The work of the League of Municipal-
ities was highly interesting to Mayor
Mott. He declared that an effort will be
made to have a larger attendance at future
sessions.

Prominent Merchant Dies of Heart Failure

SAN FRANCISCO, Oct. 17.—While play-
ing a game of chess, his favorite past-
time, George A. Moss, the millionaire shoe
manufacturer, died of a heart failure
this morning.

Mr. Moss had been playing for some time
when he was again to fall forward. The
O'Connell wife called, but when he
rushed him life was extinct.

companies at the Johannthal aero-
drome was an eye-witness. He de-
scribed it as follows:
"I was in my office, about 500
yards from the scene of the accident,
when I was startled by an explosion
of extraordinary violence. My first
thought was that an aeroplane had
landed on the roof of my building and
that the gasoline tank had exploded.

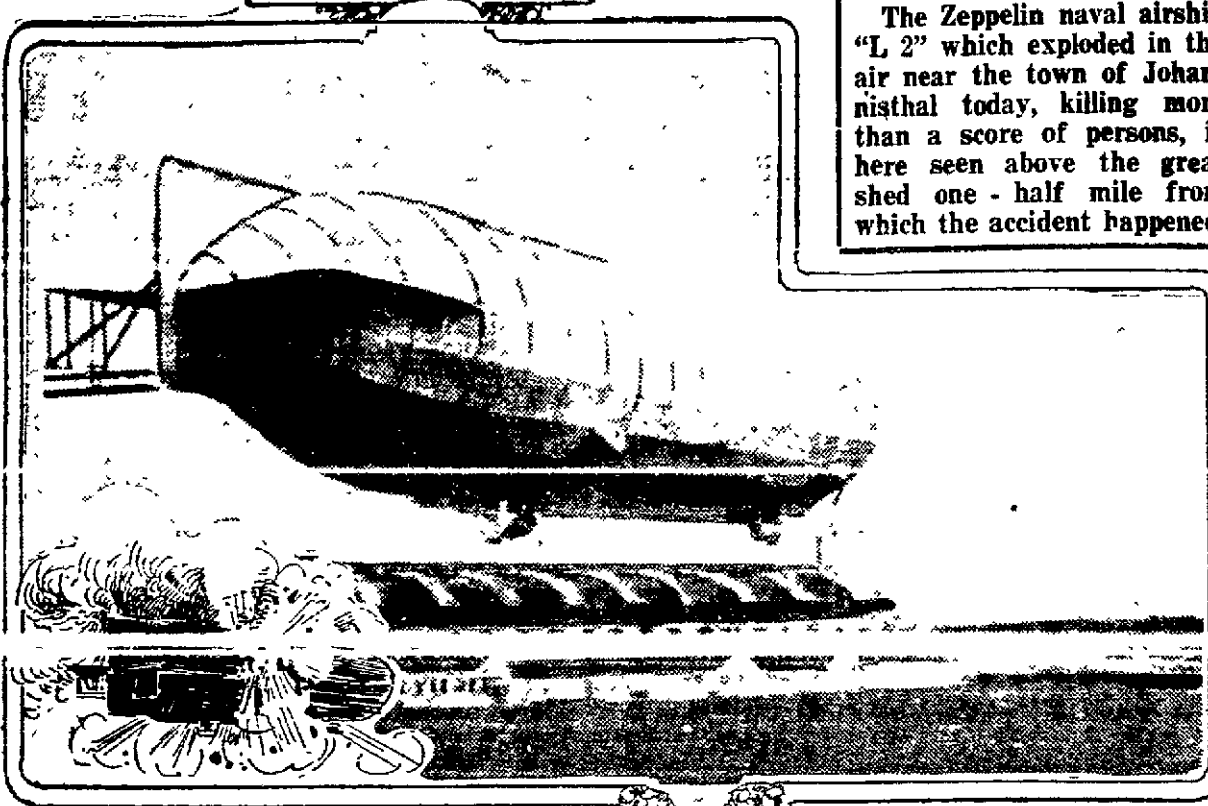

new dirigible in flames and plunging
toward the earth. The outer covering
had been already burned off and the
inner ballonette containing the gas
had disappeared.

ONLY FRAMEWORK.
"The naked aluminum framework,
with its long center pieces, its inter-
laced ribs and its tapering ends, and
the gondolas containing the motors
beneath fell bowforemost. When the
skeleton of the immense craft struck
the heavy gondolas buried themselves
in the ground."

The great cause of the accident is
unknown. The dirigible had just left
its shed and had traversed barely a
quarter of a mile in the direction of
Berlin.

Spectators suddenly saw a mighty
pillar of fire shoot from the middle
of the balloon and the next instant
the craft was a mass of flames, plung-
ing to earth, burying those aboard
beneath its wreckage.

Following shortly on the disaster of
September 9 last, when a similar craft
just launched for the navy as "L-1"

nthal today, killing more

was destroyed in a hurricane with the
loss of 15 men, the news of today's
catastrophe has caused consternation
in aeronautical circles, if not through-
out the capital.

WAS 500 FEET LONG.

The "L-2" was the latest and largest
of the new craft designed for the
German navy. It was about 500 feet
long. Before she left the balloon hall
at Johannthal the airship took on
board her regular naval crew and a
number of officers. She headed for
Berlin in a light wind. About a dozen
aviators were circling the aerodrome
at the time in aeroplanes. Every-
thing apparently was in good order

on the airship. She was gradually
getting on speed when suddenly an
explosion was heard by those on the
ground, evidently in one of the motors
in the center gondola. A flash shot
out and the next instant the whole
ship was aflame and plunging down-
ward. Every inch of the canvas cov-
ering and the ballonettes disappeared
in a moment.

SECOND EXPLOSION.
A second and more violent explosion
was then heard, the fire having
reached the gasoline tanks, filled with
about a ton of liquid fuel. Before
the echoes of the explosion had died
down the wreck of the most modern

of Germany's dirigibles lay a flaming
mass on the ground.

Pioneers, armed with axes, hacked
at the wreckage for two hours before
they extricated the last of the bodies
of the victims.

The dead were borne to the balloon
hall and a company of soldiers roped
off the place to keep back the crowd.
The six inmates of the center gondola
had been blown through the side of
the car by the first explosion and
their bodies fell a quarter of a mile
away from the wreck of the balloon,
which was traveling at 40 miles an
hour when the accident happened.

TWO WERE ALIVE.

Two of the crew were still alive
when rescuers reached the wreckage.
One of them died before he was extri-
cated. The other, Lieutenant Baron
Bleut, was desperately injured. Both
his eyes were burned out. He urged
the rescuers to kill him.

Besides the officers already men-
tioned, Lieutenant Trenk, who was
second in command; Chief Engineer
Hausmann and three engineer secre-
taries from the admiralty board were
killed.

The pilot, Captain Clund, was the
only civilian on board the airship.

The Zeppelin airships have been
singularly unfortunate ever since their
invention by the aged soldier-count.
Seven of them have been destroyed
by fire, explosion or wreck. Zepp-
elins I, II and VI, Deutschland I and
II and now the L-1 and L-2, the first
big airships attached to the German
navy, have met with disaster in this
way.

ARMY AVIATORS KILLED.

BERLIN, Oct. 16.—Not only the
German navy, but the army as well,
suffered from aviation accidents to-
day. Three army officers belonging to
the flying corps were killed this morn-
ing in aeroplane accidents.

CONFESSED SLAYER OF GIRL IS JAILED

Hindu Repudiates Confession;
Views Remains of Rose
Domingo.

(Continued From Page 1)

tions he denied connection with the
murder and declared that he had not
at any time been in the same room
with the Domingo girl. He positively
disclaimed that he had made a con-
fession to Sheriff Veale, Kahn de-
clared that Charles E. Riley, a
Richmond teamster, was untruthful
when he said that he had heard Rosa
and Khan quarreling. Confronted
with a statement written by himself
and given to Sheriff Veale, Kahn de-
nied emphatically that he had written
the document. The letter given to
Veale by Khan follows:

SAYS HE SPENT MONEY.

"I gave him for running away from Stego
and saying nothing about the murder
of Rosa Wiley, the daughter of Do-
mingo. I had Wiley write letters for
me to Rosa. This is true to the let-
ter. October 15, 1913."

(Signed) "M. SAID ALI"

"Didn't you write this letter?" was
asked of Khan.

"No," answered the Hindu, "me
don't know nothing about it."

Questioned as to why he had de-
nied the confession, the Hindu an-
swered that he was not getting
enough wages there, and, having an
opportunity of getting \$3 more pay in
the south, he left to take the southern
job.

Khan made a sweeping denial
of everything in connection with the
Domingo family. He was not sullen,
his actions being dull and torpid. In-
terviewed by reporters, Khan stated
that he was a Mohammedan. He is a
native of Punjab and arrived in the
United States three years ago. He
went to work for a match company
in Stego for \$12 a day and had
just recently received a raise in salary
to \$22. The opportunity to get \$3 in
the south, he declared, was too strong
a magnet, and he departed. Khan
was at one time a member of the
Hongkong police force and his police
experience is believed to be the cause
of his repudiation of his former state-
ments.

IS PHOTOGRAPHED.

He was willing to be interviewed
and watched with considerable inter-
est the newspaper photographers
snapping him. The sight of the
weights which were found on the
dead girl's body did not affect him,
and the articles found in the grove of
the cabin formerly occupied by him
did not cause him any apparent con-
cern. On several occasions he smiled
at jokes cracked by officers.

Accompanied by District Attorney
McKenzie and Sheriff Veale, Said Ali
Khan was taken to Market this after-
noon, where he will be arraigned
on a murder charge.

Charles E. Riley, the Richmond
teamster, who because of alleged re-
lations with the Domingo girl, was
arrested and held in custody follow-
ing the finding of the body and then
later released, and re-arrested again,
was again released this afternoon
from the Richmond police depart-
ment, where he was held pending in-
vestigation of Khan's charges of his
implication in the murder, made Wed-
nesday in the south. Khan charged
that Riley had given him \$50 with
which to flee the country. His con-
fession before G. W. Webb, of the
United States immigration service, at
Calexico; Sheriff C. M. Appelstall,
made it unnecessary to hold the
teamster, Riley, however, will be kept
under surveillance.

COMPANION CHARGED.

Musa Khan, Said Ali Khan's cabin-
mate, was brought down from Mar-
tinez to Richmond this afternoon and
charged with murder. He will be
represented by W. D. Grady, an attor-
ney.

District Attorney A. B. McKenzie
says he does not anticipate any diffi-
culty in fastening the guilt on Said
Ali Khan. The case against Khan is
complete, according to McKenzie.

The funeral of the Domingo girl
was held this afternoon at 2 o'clock
from undertaking parlors in Rich-
mond. Father Henegan, of the
Catholic church Our Lady of Mercy,
officiated at the services, which were
attended by scores of sensation-seek-
ers. Manuel Domingo, father of the
murdered girl, appeared at the police
station during the hearing of the
Khan. The aged man was greatly
touched by the death of his daughter
and showed a disposition not to dis-
cuss the matter. Sheriff Veale and
Detective-Sergeant R. N. Ruiz are
being congratulated for their efforts
which finally resulted in the capture.
Searching through mazes of almost
impenetrable rice fields and brush is
not, according to either Veale or Ruiz,
what it is "cracked up to be." Un-
der hot southern suns, the officers
worked day and night.

DENIES CONFESSION.

"On the way up from the south,"
said Veale today, "Khan did not ap-
pear concerned over his capture. He
admitted that it was he who had com-
mitted the crime, and later stated that
it was Riley who had gone to. 'Riley
gave me \$50 to go away for a while
until the trouble blew over,' Khan told
us," said Veale. "We laid over in El
Centro all night, and the next morn-
ing Khan held to the story that Riley
was the man who had killed Rosa
Domingo."

The city of Richmond is consid-
erably interested in the case, and hun-
dreds of residents, conspicuous among
which are scores of women, congre-
gate hourly about the jail in which
the murderer is confined. The police
do not anticipate any trouble, despite
the rumor to the effect that a posse
of residents were preparing to lynch
Khan.

**Ellis Confesses He
Murdered Own Wife**

CHICAGO, Oct. 17.—William C.
Ellis confessed at the inquest this
afternoon to the murder of his wife
here late Wednesday night. He said
his wife was "the most virtuous
woman" in the world, and that he
must have been crazy over his health

**GIRLS! CLEAN AND BEAUTIFY HAIR,
NO DANDRUFF--25 CENT DANDERINE**

Stop Washing Hair! Try This!
Makes It Glossy, Soft
and Abundant.

Surely try a "Danderine Hair-
Cleanse" if you wish to immediately
double the beauty of your hair. Just
moisten a cloth with Danderine and
draw it carefully through your hair,
taking one small strand at a time.
This will cleanse the hair of dust, dirt
or any excessive oil—in a few minutes
you will be amazed. Your hair will
be wavy, fluffy and abundant and
possess an incomparable softness,
luster and luxuriance.

Besides beautifying the hair, one
application of Danderine dissolves
every particle of dandruff, invigorates
the scalp, stopping itching and falling
hair.

Danderine is to the hair what fresh
showers of rain and sunshine are to
vegetation. It goes right to the roots,
invigorates and strengthens them. Its
stimulating, purifying and skin-pro-
ducing properties cause the hair to
grow long, strong and beautiful.

You can surely have pretty, soft,
lustrous hair, and lots of it. Buy a
bottle of Danderine from any drug
store or toilet counter and try it as
directed.

CAMEL WANTED FOR BIG PARADE

Portola Committees to Show
Ancient Modes of Transportation.

Wanted—A camel! Modes of travel 50 years ago and today are to be the feature of the Commercial Travelers' 1915 Congress in the big Portola parade. But the traveling men have been unable to find a camel. If they can buy, or borrow, or rent one for that particular date, they will use the camel as an illustration of how some of their members cover their territory in foreign lands.

Illustrative of the evolution of transportation, the Commercial Travelers' 1915 Congress in California are to ride in the stage coach. They are Stephen T. Gage and W. A. January, both of whom saw active duty in the early fifties when what is now Placerville was known as Hangtown. SHERIFFS AS GUARD.

As an escort of honor to the stage coach will march more than 40

California, the officers being the special guests of the traveling men for the occasion. Sheriff Frederick Eggers is to be in charge of the guard. The costume of the county officials is to be a light, wide-brimmed sheriff's star, holster and a shooter, and boots.

CAPTAIN OF GIRLS.

The big parade which will precede the Portola ball game tomorrow will be as interesting a spectacle as San Francisco has seen in many a day. New features were added today when it was announced that in addition to the appearance of the ball players, the Portola and ball fans, and the Queen of Pageantry, there will be a Wild West delegation on hand. Besides this, the float containing Miss Sylvia Tegen, the Portola Queen of Pageantry, will be preceded by the royal herald, Miss Louise Graul. Miss Graul is the captain of a company of girl hussars who will participate in the big spectacles to be staged next week. She is a member of Derna Troop, N. D. C.

The big parade tomorrow will start at 1 o'clock in front of the Palace hotel. The arrival at the ball park is scheduled for 1:30. From then until the opening of the game the day will be one of the most interesting and vaudeville, in which Clarence Kocio will be the star.

HAVING A "BIRD OF A TIME" AFTER THE BALL

Far surpassing in agility, if not in grace, the tango dancers of last night, the birds of the air are swooping hither and thither about the Hotel Oakland ballroom today in a so far vain attempt to place in 50 cages some 100 birds of varied species and plumage. Letting the birds into the ballroom was easy, but getting them out—in cages has proved no small task. One large parakeet escaped into the hallway this morning, got into the elevator shaft, and was only caught after several bellboys sustained badly bitten fingers.

Packs, nets and "figure four" traps placed about the ballroom caught a number of the feathered decorations this morning. Loops of string also proved efficient. Bird time was tried, but was not strong enough to hold the birds. Some of the birds have been located. It may not be until tomorrow that all are caught. Only those borrowed from society women are sought. The rest will remain in the decorations.

ROUTINE STREET WORK PASSED BY COUNCIL

Routine street matters were passed by the city council this morning, as follows: Directing the superintendent of streets to extend the time for A. H. Kopper to improve the Ritchie street.

Directing the superintendent of streets to extend the time of the Oakland Paying Company to complete the improvement of Moraga avenue, from Piedmont line west.

Granting O. E. Allen permission to construct a culvert and bulkhead in Cemetery creek.

Directing the superintendent of streets to extend the time for A. M. Wernum to complete the streets in the Redwood Glen tract.

Recommending passage of ordinance appropriating the sum of \$4000 for the construction of storm water conduit on Twenty-sixth street and Telegraph avenue from Broadway to Twenty-seventh street.

OLD-TIME GIANT OF ADVERTISERS

A good many people here, as in the rest of the country, rubbed their eyes yesterday and barked back a score of years when they read the newspaper, for yesterday, for the first time in many years, the one-time familiar legend, "St. Jacobs Oil Conquers Pain," stared them in the face as it did long ago.

Time was when the center of the advertising world was occupied by the St. Jacobs Oil people. That was before advertising was developed to its present extent and the projectors of what grew to be the best known family liniment in the world had the field of really big and liberal publicity to themselves.

St. Jacobs Oil rubs away Rheumatism, Pain, Backache, Neuralgia, Sprain, etc., greeted one everywhere the eye rested, and in a few years the publicity, backed by the intrinsic worth of the preparation, brought a business of about two millions dollars a year that has survived ever since. Years later the advertising campaign had been completed.

The proprietors, it seems, have decided to place their product before the present generation as they did before the last, and, in pursuance of this policy, "The People" on the public again the old familiar announcements of a score of years ago.

It merely proves a good article, backed with proper advertising, never succumbs.

WOODEN SHOES IN GROWING DEMAND

Footgear Industry Has "Assumed Considerable Proportions."

WASHINGTON, Oct. 17.—Wooden shoes may yet become the rage in the United States, for an announcement by the United States forest service today declared that the manufacture of such footwear had "reached considerable proportions," while the wearers are not yet numbered among the five o'clock tea habitués or the darlings of the drawing rooms of saloons; nevertheless, the demand for foot covering peculiar to Holland is growing.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poison from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with alkali and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad salts is inexpensive and cannot injure. It makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

MARGARET ANGLIN
'TWELFTH NIGHT'

Matinee Attracts Crowd; "As You Like It" Is Bill Tonight.

Lovers of Shakespeare flocked to the Macdonough Theatre this afternoon, where Margaret Anglin was seen in "Twelfth Night." This evening the popular star and her capable company will present "As You Like It." Miss Anglin's re-entry into the Shakespearean field has attracted widespread interest and critical attention.

For the past few years she has been identified with the modern school of the stage, but it must not be understood that on account of this she is bent to Shakespeare. Some years ago Miss Anglin starred at the head of her own organization in a revival of "As You Like It," and

her success in these characters was so remarkable, and the critical commendations so favorable, that it is not surprising that she has resolved to become her own manager and will devote her energy and talents in the future entirely to Shakespeare and the classic roles. Miss Anglin is an actress with marvelous magnetism and intellectual grasp, and with these she combines a gentle womanliness which enables her to win affectionate regard as well as sincere admiration. She has the charm of personality, and, above all, the power of humanizing a character without a moment's sacrifice of her ideal aspect. Miss Anglin's repertoire is of the most varied, and the play she has selected for presentation here will afford local theatergoers the opportunity of seeing her in her favorite character.

The production will be ideally staged, the matter of scenic accessories, atmospheric illusions, costume and light effects. Miss Anglin's supporting company is a notable organization of Shakespearean artists and includes Fuller Meltzer, Ian Macpherson, Ruth El-Royce, Eric Blind, Max Montrose, Allan Thomas, Florence Wollerson, Wallace Wildcomb, Eugene Shakespeare and a score of others.

"The Shepherd of the Hills," a dramatization of Harold Bell Wright's novel of the same name, by Mr. Wright and Elsbeth W. Reynolds, is announced for production at the Macdonough tomorrow and Sunday, with two matinees.

WOMAN ATTORNEY DEFENDS GIRLS

Miss Ogden in First Criminal Trial; Lawyer for Two Young Women.

Marguerite Ogden, the daughter of Superior Judge Frank B. Ogden, who has been practicing law since her graduation from the University of California, six months ago, appeared in her first criminal case this morning in Judge Mortimer Smith's police court, when she appeared to defend Mary Ahern and Grace Ulrich, who are accused of grand larceny by Mrs. Blanche Atkins.

The girls were arrested about 10 days ago and have been in the city jail since their arrest, not being able to obtain bail.

Miss Ogden pleaded for the dismissal of the charges against her clients on the ground that the prosecution had repeated-

ness, and that it was a violation of constitutional rights. In spite of Miss Ogden's plea, Judge Smith set the trial for October 21, and at the same time issued a bench warrant for Mrs. Blanche Atkins, telling the attorney that the trial would not again be postponed.

The two accused girls, together with Charles Seibt, had been drinking with Mrs. Blanche Atkins at the Cafe, Ninth street and Broadway, one afternoon, Mrs. Atkins, after the carousal, was taken

first thought she was suffering from knock-out drops. When Mrs. Atkins was found, she missed \$35 that was in her purse, and accused the girls of taking the money. They were later arrested on her complaint and charged with grand larceny.

According to Captain Lew Agnew both the girls have confessed.

CORPORAL FLYNN'S HEARING IS SET

Officer Will Be Tried Monday on Charge of Insubordination.

Formal charges against Corporal James Flynn, now under suspension from the force, at the annual police ball over the sale of liquor after closing hours, were filed with Commissioner of Public Health and Safety Turner this morning, and will be heard Monday afternoon.

Lieutenant Bert I. Christie who was also involved in the trouble, was called on the carpet by Chief of Police Petersen today, and a reprimand was administered. It was decided that Christie's connection with the affair was not sufficiently serious to warrant the filing of charges.

The formal charges against Flynn include insubordination, and a second charge, which is believed to be that of having permitted the sale of liquor after closing hours in a bar run by his brother, at the annual ball Flynn is alleged to have defied Captain Thornwald Brown, the senior captain in charge, and the most serious charge is that of insubordination.

The charges were filed by Captain Brown, and with them was filed a report of the facts by Chief Petersen.

Flynn will make a strenuous fight to avoid being disciplined, and will have on hand a number of witnesses that he is sober at the time of the trouble, and that the hour specified at the time of the occurrence was not so late as declared by Brown. The trial will probably be conducted behind closed doors.

SPEED TO REACH "EXES;" ARRESTED AS RESULT

Arthur L. Cunningham and William Gilmore, both students at the University of California, were arrested this morning at College and Lawton avenues by Corporal Neideman and Officers Summers and Hagen, charged with violating the automobile speed ordinance. The boys gave as a reason for speeding that they were afraid that they would be late for an examination. They were released on \$25 bail each.

Later in the morning the same officers arrested Albert Thornton, an insurance man, at College avenue and Bryant street. He was also released on \$25 bail.

now to vote," and his suggestion that it would "spare your honor fatigue," Judge Cullen, on this vote, merely called the names of the members of the court and omitted the repeating of the formal questions, which had featured the votes already taken.

Senator Argetsinger, the first to vote, said that although he was convinced the respondent had been guilty of a moral offense, he "could not find him guilty under the article."

NO LARCENY COMMITTED.

Senator Bussey said that he voted not guilty because he did not believe that larceny had been committed. "In the common parlance of the street it is called 'panhandling,'" he said. "Presiding Judge Cullen held that the offenses charged 'were dishonorable in the highest degree; criminal, no. The respondent used his office to enrich himself. I vote not guilty.'"

Senator McClelland said he had searched the English language for proper characterization of the charges contained in the article. "As a result of my search," he said, "I am now convinced that the words 'candidate' and 'candidate' properly describes them."

Senator Simpson held that the acts charged "did not rise to the dignity of an impeachable offense."

The vote to acquit the governor on article six was unanimous. Court had been in session but half an hour.

The roll was again called on article seven.

MORNING SESSION DELAYED.

The opening of the morning session was delayed while the members of the Senate and Assembly were gathering to adopt a concurrent resolution to recess until October 22. It was planned to reconvene then, adopt any supplemental financial measures deemed necessary and take another

recess until after election. This plan was adopted so that if the Democrats lose their majority in the Assembly this fall some of the Democratic policies planned for next year may be carried out before the present legislative year ends. The high court of impeachment was called to order at 10:55 o'clock. The roll call showed all of the 37 members present. There were no long explanations of the first vote by the members of the court. Instead there was a rapid-fire of replies of "not guilty," and the respondent was found not guilty by a unanimous court.

Judge Cullen then announced: "The respondent under the vote as announced by the clerk is acquitted of the charges in this, the fifth article."

It had taken the court less than ten minutes to dispose of the article.

The roll was then called on article six.

Governor Sulzer was found not guilty of the charge of using his official position to influence the price of stocks in which he was interested, as charged in article eight.

RAY DAY ARRIVES.

Today was pay day for members of the Sulzer impeachment court. The salary of each man is \$25 a day, and as they were paid for seven days' work each week, they drew \$1087.50 each for their 29 days' work. This brought the salary item alone to \$31,575.50. That amount does not include the pay of the various court attaches.

Both galleries of the Senate chamber were filled when the senators and judges filed in at 10:30 to sit for the last time in the high court.

Judge D. Cady Herrick, chief counsel for the governor, said that his connection with the case would terminate with the final vote. He also said he had returned to the governor a statement the latter prepared several weeks ago, but which Herrick suppressed.

Chester Platt, the governor's secretary, told the newspapermen a statement would be ready, probably for use in newspapers tomorrow.

Martin H. Glynn, who today became governor of New York as the result of the removal of Governor Sulzer, issued a statement this afternoon, saying that he would insist on "economical, clean, orderly and efficient transaction of the state's business." He declared "I will not devote the time which I owe to the state to partisan politics."

"This is not an occasion for exultation," he said, "and I have no such feeling. To me it is an occasion of solemnity mixed with sadness."

ALAMEDA EAGLES READY TO BUILD THEIR FLOAT

ALAMEDA, Oct. 17.—Further discussion of the float that is to be entered in the Portola parade by the Alameda Eagles was had at the meeting of that organization last evening. It was decided to build the float next Sunday and a committee was appointed to take active charge of the construction. It was at first intended to construct the float in McKinley park, but this plan may be abandoned. Just where it will be built, if the McKinley park plan is abandoned is a matter that is now in the hands of the committee and will be announced tomorrow.

The postal authorities have also been notified.

Turner declared that he placed little credence in the threats, stating that he believed them to be the work of persons who wished to perpetrate a practical jest or of some one mentally unbalanced.

COMMITTEE TO MEET AND CONSIDER DIANE

The proposed traction district plans and campaign planned for various improvements will be considered tonight by the Progress and Prosperity Committee, which will meet in the director's room of the chamber of commerce. Chairman E. C. Kayser will preside. The committee is planning a campaign of education in the traction project, and will in the near future hold a number of meetings and de-

whereupon a number of Mexicans set upon Kendall and killed him.

The same night about 100 Mexicans attacked all the foreigners in camp. The foreigners took refuge in a mine after telephoning to Magdalena for troops. A detachment of 50 rural guards responded and escorted the foreigners to Magdalena, where they took train for this city.

AMERICAN HELD PRISONER.

MURFREESBORO, Tenn., Oct. 17.—According to information received here from William E. Alger, American consul at Mazatlan, Mexico, Granville B. Higgins, member of a prominent Murfreesboro family, is held prisoner in the Mexican city by the Huerta government, accused of abducting the rebels. The consul asked that money be sent for Higgins' defense, but inasmuch as the letter was dated September 24 the family, fearing delay, wired to the American state department today asking that action be taken in Higgins' behalf. Higgins served with the First Tennessee regiment in the Philippines.

HUERTA CALLS MEETING.

WASHINGTON, Oct. 17.—General Huerta plans to assemble the foreign diplomats in Mexico City today or tomorrow, according to the state department advice, and make a statement on the present situation.

No inkling of Huerta's purpose was contained in the dispatches. His statement will be received here with the keenest interest, though administration officials doubt that it will alter the situation. Those closest to the administration policy believe dealings with Huerta are virtually ended and that peaceful measures to compose the situation will next be exerted in other directions. Speculation on the possibility and extent of dealings with the constitutionalists' head has been being by the present situation, but brings no definite statement from official quarters.

President Wilson has from time to time said he would welcome information of the purposes of the constitutionalists should they become successful by arms.

There has been no direct communication, but the president is expected to be in receipt of information along these lines. The meeting of the diplomats in Mexico City Wednesday was inconclusive and no more of the participants to any definite course, according to other advice.

CARRANZA CONFIDENT.

NOGALES, Sonora, Mex., Oct. 17.—Confident that good news for the constitutionalists' cause will soon come from Washington, General Venustiano Carranza, leader of the revolutionary movement in northern Mexico, announced today that he would remain here to maintain communication with the American capital.

While Carranza discreetly remains here, all of his aides and the more prominent military leaders of the constitutionalists have fled and are now in Mexico.

WANTS ARMED PROTECTORATE.

WASHINGTON, Oct. 17.—Internal settlement of Mexican affairs by armed protectorate, if necessary, was urged in the House today by Representative Sherwood, Democrat, of Ohio.

"A crisis is now on that calls for immediate action on the part of the United States," said he. "One of three courses is open to us: to raise the embargo on arms and encourage the Mexicans in their

the country for armed intervention, or to co-operate with the other nations of the world in raising a control that will allow of the establishment of a firm government."

WOMAN ARRESTED.

Mary McKay, 2244 Forty-eighth avenue, was arrested this morning, charged with disturbing the peace, by Officer Keefe, as the result of a row over 25 cents.

WATER FAUCETS ARE CAUSE OF TROUBLE

Peculiar Thefts Are Result of Drink, Man Tells Judge.

Whenever John Lutz of Elmhurst imbibed too freely in the cup that cheers he became possessed of a mania for stealing brass water faucets. Three years ago he was arrested in San Francisco and placed on probation by Superior Judge William Lawlor, with the understanding that he was not to touch liquor. All went well for two years, when suddenly he felt a craving for drink. He applied to Captain of Police J. F. Lynch at the Oakland city prison to be locked up for a couple of days until his thirst wore off. His desire was granted and Lutz worked steadily at his

when his thirst got the better of him before he could get to the city prison and he walked into a plumber's shop and pocketed a water faucet. He was arrested and lodged in jail with a charge of second-degree burglary.

Lutz was up for arraignment before Superior Judge Donahue this morning. He told the court upon being questioned that he felt that he might just as well go to San Quentin. When asked why he felt that way he told the court that he had been drinking to Captain Lynch and about the water faucet mania. Judge Donahue and Assistant District Attorney Carey became interested and decided to take up the matter with Judge Lawlor of San Francisco.

It appeared that Lutz was a steady worker, that he lived happily with his wife, that he had deeded all his property to her some time ago and that the only time he did anything wrong was when the desire for drink got hold of him and he appropriated water faucets. The case was continued for a week.

BARBER IS ARRESTED ON COMPLAINT OF ATTORNEY

ALAMEDA Oct. 16.—On a complaint sworn to by Attorney John McVey, charging Frank Kals, a local barber, with having sold lottery tickets, Kals was arrested this morning by Constable Al Kohn. The complaint was sworn to before Justice of the Peace Elmer P. Johnson last night. McVey turned detective for a few minutes while he was securing the alleged evidence against the barber. A Great notblack is said to have been given money by McVey to purchase the tickets. McVey followed the bootblack and is said to have entered the barber's shop as the lottery ticket deal was made.

The date for the trial has not yet been set. Several arrests have been made lately, but most of them have been charged with Chinese lottery tickets, chuck-a-luck and other Chinese

Tammany Gets Sulzer.

Sulzer is clearly unfit to hold any office of public trust, but as Chief Justice Cullen said the major offenses charged against him, and which he made no attempt to disprove, were committed prior to his taking the office of Governor—offenses for which the criminal law provides no penalty. Despite the contradiction impeachment jurisdiction has never been held within the narrow rules of criminal court procedure. The power to impeach and remove from office is unlimited, and it is not necessary to prove that an official has committed some penal offense to justify his removal from office.

No one has ever attempted to defend Sulzer on the ground that he was innocent of wrongdoing. The objection to impeaching him was based upon other grounds. It was argued by many sincere and upright men that he was being persecuted for not

should be retained in office as an obstacle to the dark designs of Tammany. The force of this contention was largely broken down when it was proved that Sulzer was willing to make terms with the Tammany boss if allowed to retain his office. "Tell Murphy I will do what is right," was the message which he asked Allan Ryan to induce his father, the traction and tobacco trust magnate, to convey to the boss of Tammany hall.

No effort was made to disprove this statement. It was not even denied. It stands in the record uncontradicted. It stripped Sulzer of the last shred of shame and his sole claim to respect.

Yet the fact remains that Tammany is the power that pulled Sulzer from the Governor's chair. It is a sinister fact. That Tammany is a malevolent power is recognized by thoughtful and patriotic men of all parties. It is a predatory organization held together by the cohesive power of public plunder. Why it was so determined to get rid of Sulzer has never been disclosed. It was not for anything Sulzer did. What was it that he refused to do that made Tammany so implacable?

But Sulzer's conviction promises to have an effect more beneficial than his acquittal. The power and purposes of Tammany have been exposed. If popular government is to survive this power must be curbed and its purposes frustrated. It is easier to fight Tammany in the open than in the jungle. Allan Ryan's testimony is proof that Tammany could have Sulzer whenever he was wanted. Tammany did not take him when he offered himself because Charles F. Murphy thought he could do better without him. The disappointing feature of the impeachment trial was the failure of Sulzer to make the exposures he threatened. The underlying schemes and intrigues which culminated in the trial and removal of Sulzer are left to conjecture. They have not been dragged forth in the light of day. The cat has eaten the canary in the sight of all men, but why he ate him has not yet been told.

But the moral effect of Sulzer's conviction will be quite as wholesome as his acquittal would have been. A crook and a pretender has been driven from office by a band of crooks and grafters, and public opinion should now lash the Tammany gang from power. Getting rid of Sulzer does no harm to the State, but allowing Tammany to remain in power is a blot on the great commonwealth whose government it has prostituted. The hope is that Sulzer's conviction is the prelude to Tammany's downfall.

Where We All Agree and Disagree.

The short address delivered yesterday at the Commercial Club luncheon in the Hotel Oakland by Governor Francis E. McGovern of Wisconsin breathed the spirit of sane progress. It is safe to say that every man present at the board agreed without reservation with his statement of the general aims and objects of government, also the general principles on which legislation and administration should be based. A statement of methods and policies would probably have developed disagreement, but as long as the Wisconsin executive confined himself to stating purpose and defining the ends which free government should achieve, he was in hearty accord with all his hearers; albeit politics was the last thing they expected to hear discussed.

But the kind of politics Governor McGovern discussed was as free from offense as the manner in which he treated a serious subject. He is a man of pleasing personality, with a manner indicative of sincerity, and the external view he presented of the manner in which political changes have been wrought in Wisconsin, and the purposes in making them, caught the interest of the gentlemen who listened to him and impressed them that the Wisconsin executive was anything but a noisy radical.

Briefly, Governor McGovern expressed himself as favoring free government in its fullest sense, but he immediately qualified this by asserting that government must be strong and stable or it cannot survive. The ideal government must not only provide for liberty and justice, but it must guarantee security for person and property. It must also be strong enough to make that guarantee effective.

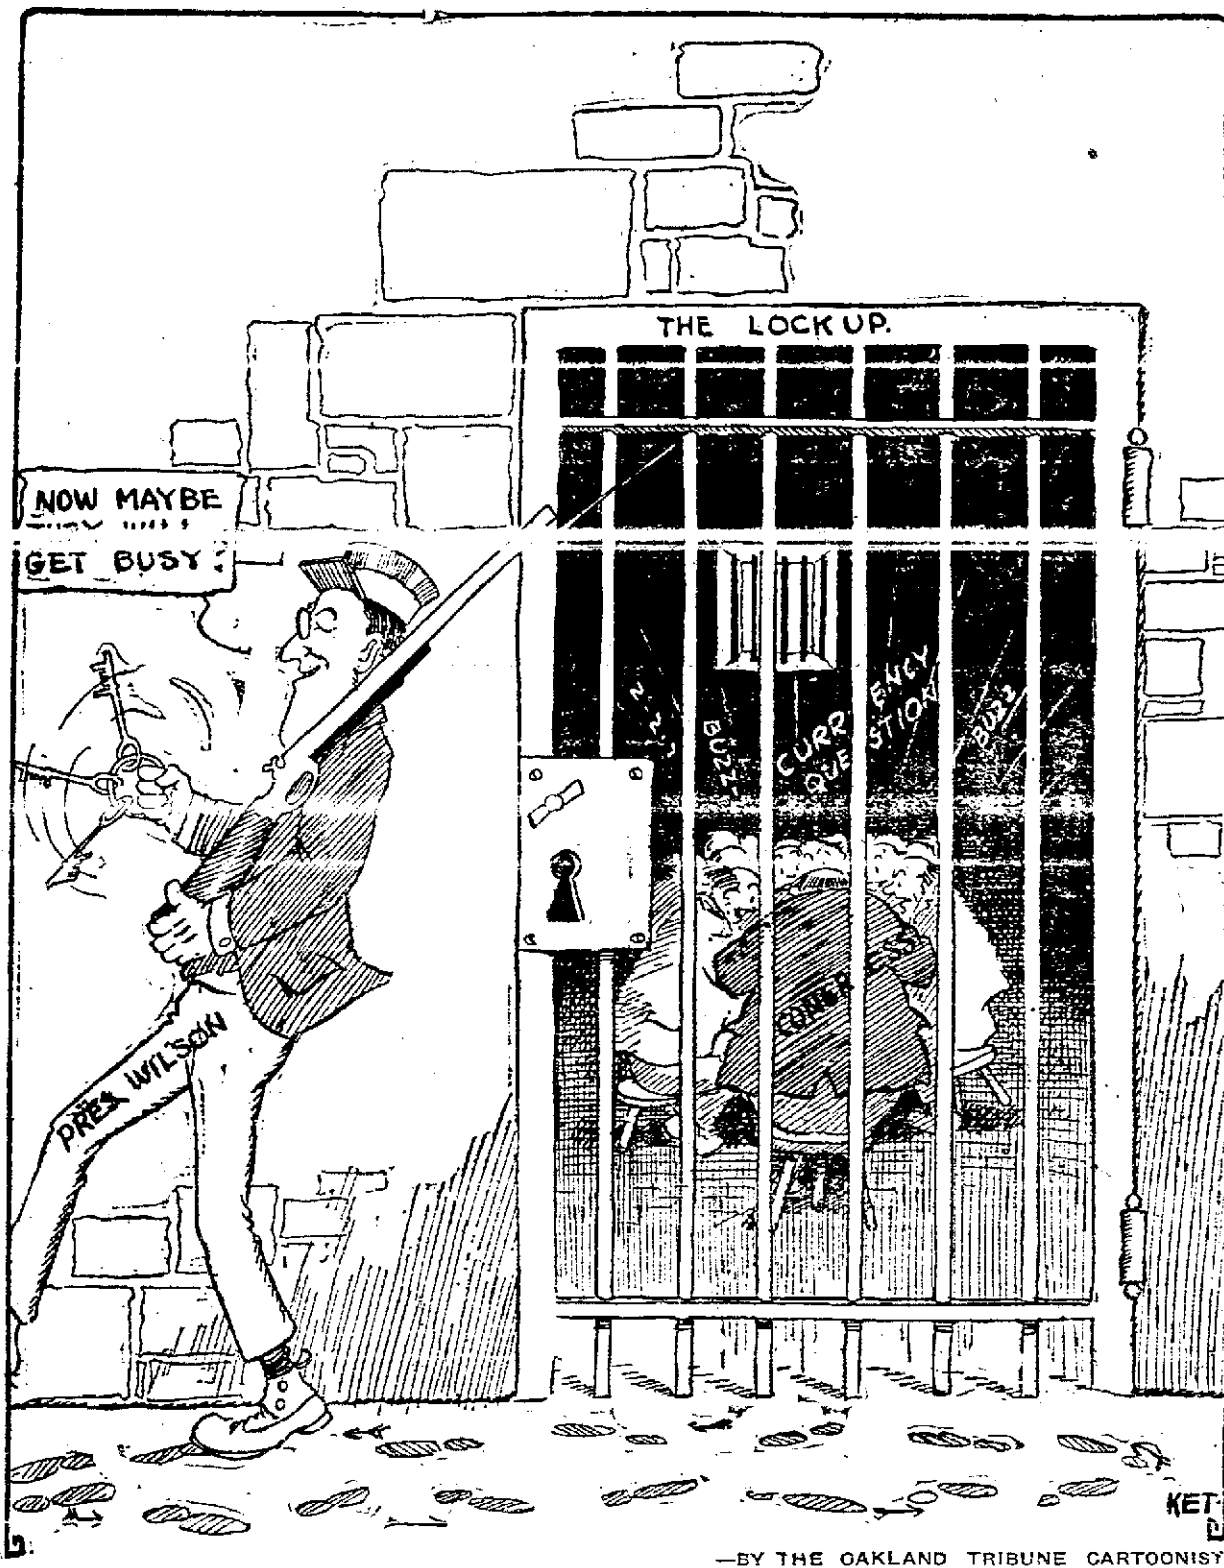

He further stated that a government to be worthy of support and respect must be efficient in the administration of public affairs. His three essentials of good government may be stated thus:

- First—Liberty and justice.
- Second—Stability and security for life and property.
- Third—Efficiency.

Does anybody think there is anything undesirable here? Has not Governor McGovern concisely stated the hope of every political idealist since the days of Solon? But the question is, by what methods will these ideals be attained? That is what the world is quarreling about. It is not fundamental principles, but the method of applying fundamental principles so as to make them effective.

Governor McGovern points to Wisconsin as an example of the successful application of the fundamental principles which underlie all popular governments. Had a stranger visited Athens in the days of Pericles, would he not have been told that the problem of democracy had been solved in Attica? He would have been told that the ideals which the Governor of Wisconsin deems essential, and which all thinkers agree are essential, had been attained by the laws and institutions of Athens. Was not Athens the most prosperous and powerful state in Greece, the most admired in the whole world? Was she not first in arts and sciences? Did not the sails of her commerce whiten every known sea? Had she a pure democracy, and her system of government responded automatically to every change of public opinion, however transient and evanescent, and there was no organic

All Clogged Up? Here's Quick Relief

A Simple Remedy to Correct
Constipation Before It
Becomes Chronic.

Very few people go through life without some time or other being troubled with constipation. Thousands and thousands of people are suffering from this ailment, and the result is a host of ailments, such as indigestion, headache, nervousness, and many other troubles. They have temporary relief in some cases, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a laxative. The best of these is Syrup Pepsin. It does not irritate the bowels, but it is a mild laxative. It is so mild that thousands of mothers give it to their infants, and yet it is so compounded, and contains such definite

good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Dr. Caldwell's Syrup Pepsin constantly in the house, homes like those of Mr. H. W. Fenstermaker, Sledgefield, Pa. He says he has had wonderful results from the use of Syrup Pepsin, that, in fact, he has never found a remedy so good, and he is glad to recommend it. The special

MR. H. W. FENSTERMAKER

value of this grand laxative tonic is that it is suited to the needs of every member of the family. It is pleasant-tasting, mild and non-gripping. Used in a very brief time the stomach and bowel muscles are trained to do their work naturally again, when all medicines can be dispensed with. You can obtain a bottle at any drug store for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded. Families wishing to try a free sample bottle can obtain it postpaid by enclosing a check for \$1.00 to Washington St. Monticello, Ill. A postal card with your name and address on it will do.

MELROSE, Oct. 17.—The paving of East Fourteenth street and the opening of Twelfth street will be discussed at a meeting of the Melrose Business Men's Association this evening. The association is determined that these improvements shall be attended to without delay. Other matters will be taken up, including the moving back of the Southern Pacific's bulkheads at Forty-sixth avenue, which are considered to be too near the sidewalk.

Under the leadership of Deputy Mrs. C. Fairbank, San Leandro Court of Honor has gained rapidly in membership, and is now one of the strongest organizations here.

WILL DISCUSS MUSIC AS AID TO REFORM WORK

"Music As an Aid to Reform Work" will be the topic for discussion at the regular monthly meeting of the Central Women's Christian Temperance Association, to be held in the First Baptist Church next Monday afternoon at 2:30 p. m. Several speakers will endeavor to show the benefit of music in carrying on the work of the association.

BLOOM OF CHERRY TREES DEPLORED BY GROWERS

SAN LEANDRO, Oct. 17.—The flowers that bloom in the spring are not in it with San Leandro cherry trees, a number of which are already in blossom. But according to local orchardists this premature growth is to be deplored, as the trees out in blossom will probably die. The appearance of bloom at this time is said to indicate a weakness in the trees. The single specimen in in Estrella avenue reported to be in blossom was first looked upon as a curiosity, but since then other orchardists have complained of this freak growth among their trees, and steps are being taken to prevent other trees going the same way.

ENTERTAINMENT PROVES GRATIFYING SUCCESS

FRUITVALE, Oct. 17.—The entertainment given in Fruitvale Armory last night for the benefit of the Central Women's Christian Temperance Association was a gratifying success. The music was of high quality, especially the selections by the choir and Amphion Quartet. D. E. Graves led the choir, while J. Schullies was leader of the quartet. Local talent was to the fore in the other numbers of the program, and their efforts were applauded by a crowded house. A varied program included singing, imperfections and a dramatic portrayal.

FACE COVERED WITH PIMPLES; RESINOL CURED

ATLANTA, Ga., April 24, 1912.—"When I received the samples of Resinol Soap and Resinol Ointment my face was covered with pimples which defied other creams, soaps and cosmetics. They were a source of constant humiliation to me, coming in contact with many strangers as I do, as a business woman."

"By the time I had finished a cake of Resinol Soap and half a jar of Resinol Ointment, my skin was soft as velvet, and as smooth. My friends were stunned, and everyone asked me what I had done. When I told them, I think they hardly believed it, for the transformation was simply wonderful."

"Since then I have been using Resinol Soap and ointment without it again. I have learned the delights of a clear soft, beautiful complexion that may be attained by its constant use." (Signed) Miss E. P. Goddard, 234 South Pryor St., Atlanta, Ga.

Cottolene
"Many years ago, I discontinued the use of lard in my kitchen and substituted for it, as an experiment, Cottolene, then comparatively a new product. Since my first trial of it I can truly say that it has given complete satisfaction. I honestly believe it to be the very best thing of its kind ever offered to the American housekeeper."

WEST COAST PORT IS THREATENED BY REBELS

SAN FRANCISCO, Oct. 17.—Mazatlan, the principal seaport on the west coast of Mexico, is in imminent danger of being taken by the Constitutionalists, according to word brought by the little steamer Homer, arriving yesterday afternoon from the lower coast. The rebel forces have cut off the town's water supply and have also disabled telegraph communication.

According to the report brought by the Homer, the revolutionists, numbering several thousand, are planning an attack on Culiacan, the capital of Sinaloa. In the event of their victory they will make Mazatlan their objective point of attack, and once in possession of the seaport, the Constitutionalists, it is said, will practically control the situation on the west coast.

The Homer brought one passenger, A. C. Harrison, who has been manager of a machinery house at Guaymas. At Guaymas the steamer loaded 200 tons of dried beans and a part cargo of coffee, also receiving some coffee at Mazatlan. The only other call made by the Steamer carrier was at Santa Rosalia, across the Gulf.

Topolobampo is again in the hands of the Constitutionalists, according to those on the Homer, and Felipe Rivera, the rebel governor of Sinaloa, is moving with a large detachment for Culiacan.

Face to Face Courtesy
GOOD telephone service depends largely upon mutual courtesy. The telephone is more useful to those who talk as if face to face, for civility removes difficulties and facilitates the promptest possible connections.

As in other intercourse, it often happens that two or more people wish to talk with the same person at the same time. Without courtesy confusion is inevitable, and the confusion is greater when the people cannot see each other.

The operators must be patient and polite under all circumstances, but they will do better work if they meet patience and politeness on the part of telephone users.

The Bell Telephone Service enters intimately into the social and business life of each individual. The best results come through the practice of mutual courtesy.

T. Smith-Cuyler Alleges Wife's Affection Was Alienated.

Sequel to Divorce Suit by the Former Belle of Alameda.

ALAMEDA, Oct. 17.—Talamon Smith-Cuyler, former husband of Mrs. Grace Barton, who was granted a divorce from him last August, is suing her for \$500,000, alleging the alienation of the affections of Mrs. Barton Smith-Cuyler. The divorce of Mrs. Barton, suit for which was instituted last August, was granted on October 2. Mrs. Barton did not ask for alimony, but was given the custody of the two children of the couple.

The largest family of Smith-Cuyler and the former Alameda society belle have attracted the attention of the courts not only because of the standing of the principals, but on account of the more ludicrous situations that arose in an effort to serve the errand husband with a subpoena in the divorce action. Mrs. Smith-Cuyler retained Attorney Frank H. Fowles of San Francisco to handle her case, but the attorney found that detectives were useless in locating the husband and serving him with subpoenas.

STRANGE HUNT BEGINS.

Reports from the husband that he was at Alameda would be followed in a day or two by the children of the couple receiving the subpoena. The husband presents the father bearing San Francisco postoffice marks and addressed in the handwriting of the father. This was worked upon the nerves of Mrs. Smith-Cuyler and her attorney that the latter proposed to and did turn detective himself. Going to Alameda, he took up the trail himself, and armed with his legal papers and a mustang pony rode across the Arizona and New Mexico desert, finally returning and announcing the quest futile.

It was then that Mrs. Smith-Cuyler got into communication with a friend near the Georgia plantation of her husband's mother and in the course of a friendly letter announced that her husband had dropped out of sight and that it was impossible to come to a settlement in the divorce action.

FOUND HIM FISHING.

Accordingly, the woman went to the central home of Smith-Cuyler and she

Board of Supervisors Claim Jurisdiction Over Appointment of Employees.

That the board of supervisors and not the probation committee has control over appointments to minor positions in the detention home, on Nineteenth street, is the stand taken by members of the board, which has led to a controversy between them and members of the probation committee.

When the supervisors refused to accept the resignation of Miss Mattie Haynes as assistant matron upon a showing that it had been practically forced by Probation Officer Russ, she was instructed to return to her duties. Later members of the probation committee instructed her, it is said, that her services would not be required. Miss Haynes then appealed to

As a result the supervisors have referred to the committee of the whole an investigation of conditions at the detention home.

COLONEL GIER WILL ENTERTAIN BOOSTERS

Members of the manufacturers' committee, directors of the Chamber of Commerce and directors of the Merchants' Exchange will be the guests Sunday of Colonel Theodore Gier at his country home, the Sequoia vineyard, in Napa county. A special train leaving the Sixteenth street depot at 9:15 will carry the visitors to Napa, where Colonel Gier will have conveyances to carry them to the vineyard. There a luncheon will be served. The party will return on an afternoon train, arriving in Oakland at about 5 o'clock.

found him sitting on a log. He was fishing and the fish were biting good. When told of the divorce suit, he said: "I may take a run out west if I get time, this is all very interesting, but the fish are biting good and I propose to build a house, so you see my time will be pretty well taken up. But it is interesting, nevertheless. Very interesting." In the action filed by the Georgian in Chicago the exact nature of the complaints that are the basis for the action are being carefully kept secret. Mrs. Isabella Barton is now on her way from Chicago to San Francisco, where she will be in the custody of the California hotel.

The family having closed the home in this city for the summer. Mrs. Barton Smith-Cuyler was granted her divorce by Judge Trout on the grounds of failure to provide. She now living with her mother. Her husband's income is \$70,000, but that he never contributed to her support or that of her children. Mrs. Smith-Cuyler is independently wealthy.

PROFESSOR C. E. MERWIN GUEST AT BANQUET

Professor C. E. Merwin, formerly principal of the Central Evening School, was the guest of honor last evening at a dinner at the Hotel Metropole given by his former associates. Professor Merwin has but recently returned from China, where he and his wife spent three years with their daughter, Dr. Caroline Merwin, who is a medical missionary stationed at one of the large cities in the interior of that country.

Many interesting experiences of his sojourn in the Orient were told by the guest of honor. At one time the missionary reservation was in the midst of fighting between government troops and rebel forces, but fortunately the missionaries confined their activities to their own work and did not disturb the missionaries. But it was a time of grave apprehension for those in the reservation, for soldiers were everywhere in sight, and the rattle of musketry sounded ominously on every side.

Those who enjoyed the dinner at the Metropole were Professor C. E. Merwin, C. N. Shane, J. H. Allen, Dr. G. W. Walton, Dr. William P. Milliken, C. A. Orinbaum, H. L. Hagan and J. L. Dibert.

PACIFIC ELECTRIC IS WARNED BY COMMISSION

SAN FRANCISCO, Oct. 17.—The State Railroad Commission this morning issued an order requiring the Pacific Electric Company to furnish, before January 1, bonds for a full signal system covering all of its lines out of Los Angeles and a comprehensive system of instruction. In addition the company was given until November 15 and December 15 respectively, to furnish a list of high way crossings and rail crossings over its line.

The order grows out of a disastrous accident of two months ago on the Venice short line, in which a number of persons were killed and injured.

TRANSPORT ENGINEER GUILTY OF SMUGGLING

SAN FRANCISCO, Oct. 17.—W. D. Dutton, third assistant engineer on the transport Sheridan, pleaded guilty in the federal court today for smuggling and was fined \$50. Last week Dutton rushed off the boat with a small grip, said he was in a hurry and asked Customs Inspector Joe Head to search his valise, so he could leave the dock. Head searched him instead and found a large quantity of valuable silks concealed in his clothing.

Just Apply This Paste and the Hairs Vanish

(Beauty Notes)
It is not longer necessary for a woman to go through life with a face which will apply a plain delatone paste to the objectionable hairs for 2 minutes then rub it off, every trace of hair will vanish. To make the paste, mix some water with powdered delatone. After the paste is removed, the skin should be washed to free it from the remaining delatone. Better results are obtained if the delatone is purchased in an original package.

NEW W. P. BOOKLET HAS FINE VIEW OF OAKLAND

Describing and depicting different districts along its line, among other things, which is shown in a large bird's-eye view taken from the estuary, a new booklet, issued by the Western Pacific, was first distributed in Oakland this morning. The new booklet is one of the most elaborate small pamphlets ever published by the railway, and was compiled by Frank A. Wadleigh, passenger traffic manager of the railway. It shows, on a map of the United States, the route of the Western Pacific across the continent, with its stations marked, has views of the Great Salt Lake and Sacramento, Oakland, San Francisco, San Jose, San Diego, Los Angeles, and other points along the road.

Comes of the new booklet were received this morning by W. B. Townsend, general agent in Oakland, who has distributed a number to commercial organizations showing the publicity Oakland is being given in the railroad's advertising matter.

YOUNG LADIES TO HOLD PARISH DANCE AT HOME

Arrangements are being completed for an evening at home to be given by the young ladies of St. Anthony's in the parish hall at Sixteenth street and Sixteenth avenue, East Oakland, on Saturday evening, October 19. This will be one of the many preliminary functions planned in connection with the fair which is to be held in November. Dancing will be the chief entertainment of the evening, and judging from the success attending similar affairs given in the past by the young ladies of St. Anthony's a most enjoyable evening is anticipated. Some of the young ladies most interested in making the affair a success are Miss Kathleen Foley, Miss Helen Waldron, Misses Cummings, Miss Mae Henas, Miss May Cogswell, Misses Shannon, Miss Gertrude Saul, Misses O'Connor, Miss Blanch Prevaille, Misses Reno.

SHERIFF EGGERS IS ASKED TO EXPLAIN

SAN FRANCISCO, Oct. 17.—At last night's session of the grand jury Sheriff Eggers was requested to explain the expenditure of \$1400 to reimburse watchmen in buildings under litigation. He was asked why the money had not been refunded to the city, and declared that it was a long process and that certain attorneys who requested the detaining of a watchman in attachment cases did not pay their salaries until the matter under litigation had been settled, which was some time much later throwing the burden of payment on the city.

PASSENGERS TAKEN FROM TRAIN BY ARMED MEN

DENVER, Oct. 17.—Five passengers were removed from a Denver and Rio Grande train at Walsenburg, Colo., today by a mob of about twenty supposed coal mine strikers, according to reports reaching the office of the railroad company here. The train was flagged with a red lantern and two armed men boarded the engine.

DR. HEGEMANN LEARNS TO "RAG" IN ONE NIGHT

In Germany, the home of city-planning, where municipal improvement movements abound, the movements of the rag are unknown. Therefore a German accomplishing the "rag" in a single night can boast of no small achievement. Dr. Werner Hegemann, the famed city planning expert, at the Brazilian ball last night accomplished this feat.

Dr. Hegemann expressed himself as charmed with American dances and partners. He danced almost every dance after mastering the subject. He even essayed the Tango. The famed city expert viewed the decorations with interest and commented on the distinctive setting of the big affair.

TROPICS ROBBED OF GLORY FOR RARE NIGHT IN BRAZIL

The camera is incapable of indicating the richness of color in gowns and decorations which formed the main feature of the "Night in Brazil" at the Hotel Oakland. The flashlight shows some of the dancers and a background of tropical foliage, which formed a jungle in the ivory ballroom of the caravansary.

Ballroom of Hotel Oakland Transformed Into Wonderland

TODAY the Brazilian ball is a matter of history. Society is today looking back at one of the most remarkable nights ever spent in a ballroom, after dreams of monkeys, kaleidoscopic colors whirling in the maze of the Tango Argentino and little lights flashing among green trees. The tropics were brought to Oakland. Under the Southern Cross, outlined in minute incandescent lamps against a clear sky of blue, the dancers did the Tango, and the one-step, and the other new variations adopted by the smart set. The great ballroom, a mass of greenery, almost a forest of palms and other tropical plants, was filled with beautifully-gowned women, and a huge overflow was sent into the main lobby, where a second ball was in progress before the evening was far under way.

The Brazilian ball is today set down in the history of the doings of society as the most gorgeous affair since the wedding of Jennie Crocker and Malcolm Whitman. The Hotel Oakland was crowded to its doors with members of the smart set of both sides of the bay. It was roughly estimated that over 600 were dancing in the two ballrooms or sitting among the foliage to watch the dancers dip and swirl.

SCENE OF TROPICAL SPLENDOR.
The great ballroom, transformed into a tropical scene by Albert Farr, the architect, presented a wonderful sight. On entering, the guests stepped into a small green-lined inclosure, and from there into the ballroom proper.

Here, against walls, living trees and shrubs stood, while in the branches overhead parakeets called, parrots squawked, and, above the cries of the exotic birds, the orchestra, hidden at the other end of the room, played the airs of South America. At the eastern end of the ballroom a waterfall, 16 feet in height, played, little lights beside it transforming the clear water into little points of flame and little streamers of light. In the corner of the room, high in the artificial heavens, shone the great tropical moon, which cast its yellow radiance over the scene. Doves walked about the floor until sent into the trees by the hurrying dancers. Monkeys gibbered and squeaked in the trees, two armadillos stalked among the guests, and a wildcat, fastened in one corner of the room, retreated among the leaves, from which his green eyes gleamed balefully in the bright lights of the ballroom.

Beside the fountain were two giant palms, their overhanging branches sheltering a number of chairs placed for spectators. Real dates grew on these plants, dug only the afternoon before from the Amazon nomestueva in East Oakland. Century plants, mangos and southern pine branches lined the walls. Not an inch of ballroom wall showed.

COSTUMES IN HARMONY.
Some in fancy costume, some in

elaborate ballroom dress, the women of the smart set in this novel scene presented a remarkable picture. Some of the gowns worn were wonderful. Spanish senoritas danced and modern ballroom gowns were seen next to costumes from the Orient or sunny Argentina. The brilliantly colored dresses, the lights, the birds and the trees made a mise-en-scene seldom seen since the days of the ancients.

Californians, in their social affairs, have done many novel and interesting things, but none more interesting than this latest affair. "A Night in Brazil" will be copied far and wide; but it will probably remain to California, where the plants of the tropics abound, even in winter, to present such a ball in the setting needed. The great ball may never be repeated. It has gone down in history, and probably will never be more than imitated.

TANGO COMES INTO ITS OWN.
The Brazilian ball did more than show what was possible for California entertainments. It showed what was possible in the tango. The famed dance of the Argentine, assailed by many, condemned as immoral, and scorned by those who would avoid notoriety, was placed on a new footing. Mr. and Mrs. Douglas Crane, directing the ball, gave in their exhibition of the tango, which was the piece de resistance of the evening, proof that the tango is not a matter of morality, as has been declared so many times, but purely and simply a matter of agility. Agility and grace combined in these dancers caused the great crowd of guests to hold their breath as the dancers skimmed over the floor, dipping, stepping and swaying. Walter Leimert, with Mrs. Eugene Hewlett, also danced in the exhibition.

The tango exhibit, the event of the evening, was the start of fun that was fast and furious. The two ballrooms, in one of which the strains of a mandolin orchestra alternated with the music of the regular organization, and in the other a brass band played, were filled with swirling, eddying humanity. The one-step, the "castle walk" and even the plebian "rags" were seen with many variations and new features. Incidentally, there was not an ungraceful tangoer on the floor. Society has long since adopted the tango, as expurgated by the Cranes, for its official dance, and has learned its many steps to perfection.

**DINNER PARTIES OPEN
A NIGHT OF GAYETY**
Preceding the great ball society folk entertained at a dozen or more smart dinner parties in the hotel. Guests from both sides of the bay gathered during the evening in the grillroom, the cafe chantant and in the dining room, where merry affairs were held.

Mrs. Sylvanus Farnham entertained a party including Miss Elsie Clifford, Miss Kathleen Farrell, Lieutenant C. S. Bonnell, Gardner Smith, Leo Hall, William Bryan and Adrian Applegarth.

Mr. and Mrs. Joseph Corvill came over from Menlo Park and were host and hostess at the dinner and ball. Their guests were Mr. and Mrs. Percy Moore, Willis Polk and Captain Arthur Pollon.

Congressman and Mrs. Joseph R. Knowland entertained Miss Eleanor Knowland, F. Thomson and Mr. and Mrs. John F. Coaners. These including Mr. and Mrs. George Hancy and Dr. and Mrs. Edgar Reeve Bryant and Dr. and Mrs. Walter Scott Franklin and Mrs. William Lamartine Breyfogle.

About thirty of the Claremont set were seated at a table in the dining room. These included Mr. and Mrs. Edward Lacey Brayton, Mr. and Mrs. George Parsons, Mr. and Mrs. Willard Williamson, Mrs. Nathaniel Wilshire of Los Angeles, Miss Edna Rooney, Mr. and Mrs. Louis Fitts, Mr. and Mrs. Frank Proctor, Harry Cosell, Mr. and Mrs. Howard and Mr. and Mrs. Percy Murdoch.

ALL WELCOME TO DANCE IN MIDST OF JUNGLE SCENE

So notable has been the success and so beautiful and unique the decorations of the Brazilian ball that it has been decided by the hotel management to keep the rare tropical setting in place for three more successive nights, for visitors' inspection and for dancing. On these nights the public is invited to view the decorations and dance in the great ballroom to the music of the regular hotel orchestra.

DECORATIONS SUPREME.
The tango, however, was not the feature of the evening. The decorations were. The nodding trees, the birds, the monkeys and the southern sky were the features that made the great ball the success it was and the novelty. Fifty parrots, two parakeets and five cockatoos were loaned by

number of society women, including Mrs. F. C. Havens, Mrs. F. M. Smith, Miss Alice Hager and Mrs. Lansing Kellogg.

From the jungleized ballrooms to the cafe chantant and the main dining-room the guests moved in a steady stream. Three orchestras hidden in the foliage and in the hotel corridors sent their strains through the leaves floating over the heads of the dancers. Not an incident occurred to mar the pleasure of the scene.

Through a clever arrangement of electric machinery, the stars in the blue empyrean twinkled, dying and waning, to swell to brightness again, the changing shifting lights, in different colors, throwing over the scene a faithful gleam that vastly heightened the artistic effect. Lights playing behind the waterfall brought out its beauty, the shining cascade break-

GUESTS ON SPECIAL BOATS.

Early in the morning the belated guests took their departure. Many from San Francisco were taken across in special ferryboats run for the purpose. Arthur Scott sailed back in his own yacht. The three extra boats over the harbor route were packed with automobiles.

Among the dinners given before the great ball began were those by Mr. and Mrs. Percy Murdoch, Mr. and Mrs. Robert Newell, Mr. and Mrs. George Wilhelm, Mr. and Mrs. Wickham Havens and many others.

Many of the gowns attracted special

attention. Mrs. Douglas Crane appeared in a silk dress of the Spanish type, with silk shawl worn a la Spain, but all in white. Mrs. M. Tobner wore a Spanish costume of years ago, with powdered hair to match. The effect was striking.

SOMBRERO WORN.
Another Spanish costume which attracted attention was that worn by Mrs. Herbert Brown. This was a brilliant red affair, and a sombrero to match was hung with small bells. Miss Dorothy Capwell wore an artistic creation in several colors.

led to be present to dance the tango in the exhibition, was unable to attend, the serious illness of her mother making her presence in San Francisco necessary. Mrs. Eugene Hewlett took her place.

Constance Van Brunt Lynch was another dancer who attracted considerable attention on the ballroom floor.

The tango exhibition, the big event of the evening, took place at about 11 o'clock. While castanets clicked and mandolins tinkled, the clever dancers demonstrated to society the ideal tango as perfected recently by the Piedmont set and embraced enthusiastically by San Francisco society. Walter Letimert, with Mrs. Hewlett and Mr. and Mrs. Crane, were seen in the new dance. Several other dancers later joined the pairs on the floor, and, as the music quickened, one couple after another stepped in, until finally the entire ballroom was in motion.

DANCING IN LOUNGE

In the meantime the strains of a big band in the main lounge room of the hotel proclaimed that there also was dancing. The room had been stripped of its furniture and formed an improvised ballroom in which the "overflow meeting" was held. The cement floors had been polished for the occasion and proved to be perfect for dancing.

Monkeys hung to branches and stared in amazement as the dancers wound their way among the decorations, and here and there a parakeet, angered at its branch being shaken, would screech shrilly. In the water-fall several frogs croaked and swam about in the pool beneath. Several gold fish, also, lent a touch of nature to the unique decorations.

The dreamy light and shades of the tropics, the great yellow moon, the languorous music, was enlivened by the dash of the West, and beautiful women in colors of the rainbow, added to the picture that dash of charm which made the tango ensemble a thing of wonder. None but the cosmopolitan West could conjure up such a gathering. Dark-eyed damsels, many the descendants of the old Hidalgo, light-haired maidens in whose veins flow the blood of the Teutons; dashing señoritas and stunning matrons, gathered in the ballroom. The music of the dance, the rhythmic melody of the southland in the midst of the poppouri life, charm, and color, and the costumes of the dancers, succeeded each other in quick succession throughout the evening. The waltz and the two-step were forgotten and society revelled long in the modern dance.

GOWNS IN GORGEOUS VARIETY COLOR GLEAMS IN BALLROOM

Glittering jewels, gorgeous ball gowns, some plain, some gay, and here and there through the gathering a dash of rainbowlike colors where a special costume gleamed among the dancers, the dresses worn at the Brazilian ball last night included some of the most remarkable creations ever seen at a local social affair. Beautiful Parisian novelties, gay Spanish dresses, and a few men dancing in the tango costume, velvet coat, broad wide trousers, lent an air to the scene, unlike that of the usual formal ballroom occasion. Bohemianism reigned. The luxuriant colors of the jungle were shown in some of the gowns; the blue of the sky in others, and blacks, whites and solid colors contrasted with the brighter shades of the tropics. The beautiful gowns worn last evening were:

MRS. HARRIS C. CAPWELL—Imported gown of green satin charmeuse and gold brocade, with gold trimmings, jeweled.

MRS. DOROTHY CAPWELL—Pink and white charmeuse with iridescent beaded tulle in shades of blue.

MRS. PHYLLIS CAPWELL—Imported gown of blue and white charmeuse with gold beaded trimmings.

MRS. HARRY FARR—Handsome gown of green and white, with gold and silver brocade, draped with hair ornament of silver.

MRS. WILLIAM WILLIAMSON—Oriental gown of gold crepe de mouton with over tulle or Oriental design, brocade, gold and silver on chiffon.

MRS. SAMUEL WILSHIRE—Pink and white gown with white tulle and gold trimmings.

MRS. SAMUEL B. WAKEFIELD—Gown of ruffled cream lace over a foundation of delicate pink satin charmeuse; jeweled, pearls.

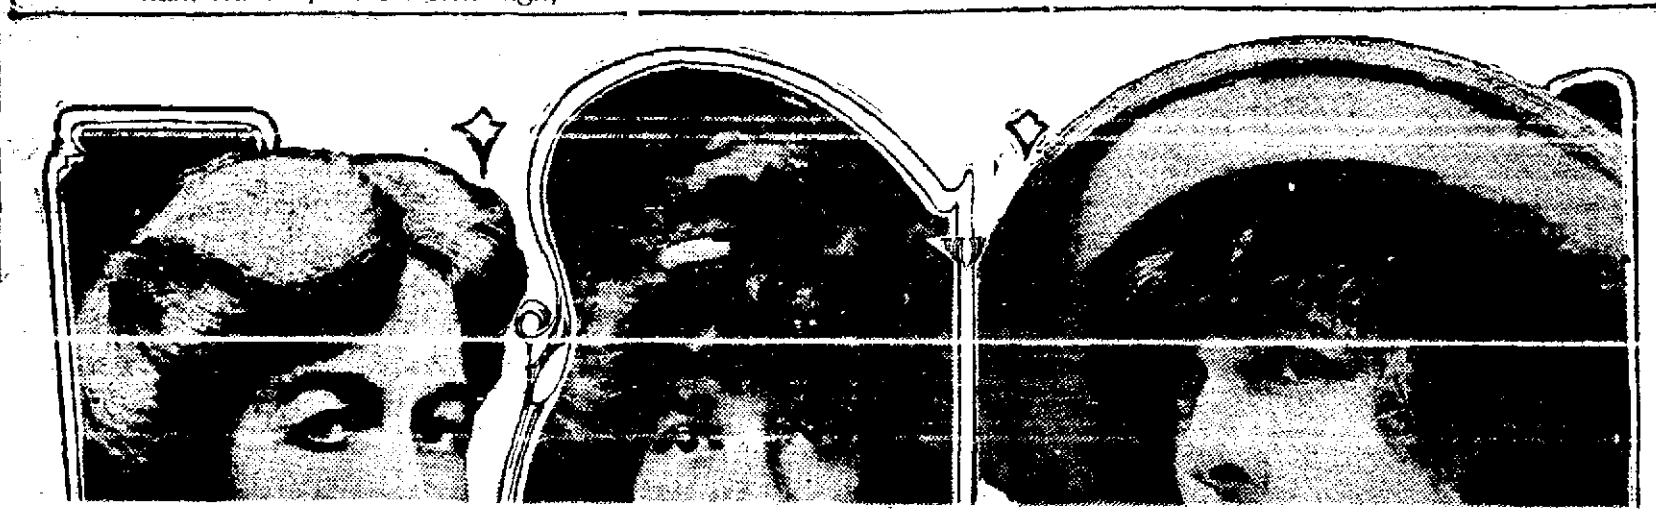

MRS. GLADYS ENMONS—Imported gown of peacock blue, embroidered velvet on tulle of yellow chiffon with iridescent sequins on bodice, with a bird of paradise in color.

MRS. E. L. LAYMAN—White, satin overdress of silk net with tulle lace and gold trimmings.

MRS. B. B. BUSH—Gown of yellow crepe with white tulle and gold trimmings.

MRS. MARGARET MORRIS—Pink and white gown with white tulle and gold trimmings.

OAKLAND'S most prominent society leaders were present at last night's brilliant affair at the Hotel Oakland. Below are some of those whose gowns called forth highest praise and admiration: Top (left to right) Mrs. Wickham Havens, Miss Helen High, Miss Milo Abercrombie. Below are Mrs. Edward Engs and Miss Caryl George.

Monkeys in Melee, Try to Break Up Ball; Squealed

"Bill" is a monkey, and an irritable one. Wherefore, at the Brazilian ball last night, when "Mike," another monkey, said something to him in the Simian language that he didn't like, trouble resulted. There was a commotion in the branches, shrill chattering, and a furry head landed on the floor, scratching and biting. They were separated and chained apart. Peace reigned, and the ball went on, although once in a while a Simian epithet would be hurled across the room.

a jungle, was unreal, but charming. It was more like, perhaps, the plaza of a tropical palace in some south-easterly metropolis.

MOUNTAIN SCENE IS FEATURE

A magnolia tree, with dozens of fragrant blossoms spreading their perfume through the great room; tall bamboo branches and flaming bougainvillea, many the descendants of the old Hidalgo, light-haired maidens in whose veins flow the blood of the Teutons; dashing señoritas and stunning matrons, gathered in the ballroom. The music of the dance, the rhythmic melody of the southland in the midst of the poppouri life, charm, and color, and the costumes of the dancers, succeeded each other in quick succession throughout the evening. The waltz and the two-step were forgotten and society revelled long in the modern dance.

Wearer of Slit Trousers Causes Laughs and Gasps

Oh, horrors! Slit trousers have invaded Oakland society. Last night at the Brazilian ball a guest, striking out into feminine hearts by the length of the aperture and the color of the gaudy purple hose which peeped from beneath, a flare of color brightening an otherwise ordinary dress suit.

Edward Simpson, a San Francisco broker, wore the "hangover pants." He didn't stay long, for the men laughed at him. However, while in the ballroom he walked about to show lovely women that she has nothing on mere man.

Armadillo Tries to Eat Bee; He'll Never Try Again

Brazilian bees are large, not slow to anger, and possessed of long stings, which they use to advantage. Also, they do not like to be teased by armadillos. An armadillo will eat anything, even bees, and "Pedro," one of the two loaned to the Brazilian ball by Architect Albert Farr, after an onslaught on the frogs in the hotel basement, attempted to devour a bee. The result was that poor Pedro appeared last night at the ball with a swollen face that his shell could scarcely conceal, and the way he avoided the bees said plainer than words: "Never again."

energy for the electric fire alarm system.
It was placed there years ago when there
was no place for it at the municipal plant.

EXPLAINS CHURCH FEDERATION AIM

Secretary of Federal Council
Addresses Meeting in First
Congregational Church.

Rev. Charles Macfarland, D. D., secre-
tary of the Federal Council of the Church-
es of Christ in America, addressed a
meeting last night in the First Congrega-
tional Church in this city, on the work of
the federation. The society, which has
its headquarters in New York City, is
made up of about 30 different denomina-
tions, and has a constituency of about 20,
000,000 of Protestant church members in
this country. The meeting last night
was presided over by Rev. George A.
White, D. D., chairman of the local fed-
eration. Dr. Carter, acting pastor of the
First Congregational Church, offered up
prayer.

Mr. Macfarland is here on the coast

the churches at the Panama Pacific ex-
position in 1915, and incidentally is mak-
ing addresses as opportunity arises, ex-
plaining the work of the federation. He
left last night for Los Angeles, where he
had several conferences today. During his
stay here progress was made, so that at
the next meeting, Tuesday, the 21st, it
is expected that the commission of 100,
made up largely of local people, will be
completed in its personnel, and the final
plans for the exhibit will be adopted.

QUALIFIED BY TRAINING

Mr. Macfarland's father was a member
of the Swedish Lutheran Church, while
his mother was a Baptist. When a young
man he entered the ranks of the Meth-
odist ministers, later he joined the Con-
gregational Church, and preached from
that pulpit. Moving to another place, he
found and joined a Presbyterian Church,
and at present, in his home place of res-
idence, he is on a commission to build a
Dutch reformed church. "Yet, according
to the books," he said last night, "I am
a Congregational minister in good and
regular standing."

In his address last night, Dr. Macfar-
land dwelt at length on the wanton waste
of moral forces due to denominationalism,
and said that the essence of federated
unity and commercialized inquiry it was
necessary that the churches unite in a
federation to fight.

Federation does not mean that the
churches are to worship and think alike,
but that they are to cooperate by get-
ting together to accomplish certain things
as opportunity may arise.

Though the audience last night was not
large, it was representative, as it was
made up of the clergy and leading laymen
in the churches of the city.

COULD QUADRUPLE SOUTH AM. TRADE

Senor Lefevre Predicts Results
of Canal in Kansas
City Address.

KANSAS CITY, Oct. 17.—If American
exporters will but give the Latin-Ameri-
can trade question half the study due its
importance, exports from the United
States will be quadrupled within ten
years after the Panama canal is thrown
open to commerce.

Senor J. E. Lefevre, first secretary of
the Panama legation in Washington, made
this prediction in an address made here
today under the auspices of the Kansas
City Commercial club. Panama City,
Senor Lefevre said, is destined to be
the advance station of the great American
trade with the Latin republics.

The weakest point shown by American
exporters in their efforts to build up their
South American trade, the speaker said,
"is their method of packing goods for
shipment. In this their European com-
petitors have the advantage."

PUMPING PLANT SHOWN AT STATE LAND SHOW

One of the most attractive displays
at the Land Show now running in San
Francisco is that which is being
shown in the Brentwood Irrigated Farms
booth. It is a miniature model
in detail of the project. The irrigat-
ing system with its seven large pump-
ing stations which house the mam-
moth centrifugal pumps, the concrete
lined main canal, the laterals and sub-
laterals are all shown and depict
clearly how each subdivision will re-
ceive its water, which is brought from
the inexhaustible waters of the San
Joaquin and Sacramento rivers. Sam-
ples of the soil and many products
which are grown successfully in this
district are also shown in this display.
The Brentwood Irrigated Farms are
located in eastern Contra Costa coun-
ty, east of Mt. Diablo. This wonder-
ful tract of land was formerly known
as the famous Marsh grant and dates
back to pre-American days. The prop-
erty is now owned by the Bal-
four Guthrie Company, a well-known
English firm, which has been doing
business in California for many years.
The land has been subdivided into
10, 20 and 40-acre farms and will be
placed on the market in the very
near future.

Any one visiting the Land Show is
urged by the exhibitor not to fail to
drop into this attractive booth and
see at first hand the many interesting
things which are there on display.
This visit will disclose a good example
of how a few acres of fertile Cali-
fornia soil will build a fortune for
the man who is willing to do his
share.

SUIT FILED TO RECOVER ON PRATHER NOTE

In a suit filed today by Edison F. Adams against W. L. Prather Jr., judgment is asked for the amount of a note for \$17,000, dated March 20, 1907, said to have been found among the papers of the estate of the late Thomas Prather. This is signed by W. L. Prather Jr.

The complaint filed by Adams asked the amount of the note with interest at 8 per cent. The complaint also recites that the defendant had been away from the state for more than thirty days during the years March 20, 1907 and October 1, 1913. The note was not endorsed.

California Woman Seriously Alarmed.
A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and cough of my lungs," writes Miss Marie Serber, Sawtelle, Cal. For sale by Good Bros. Drug Stores.

WIFE IS ACCUSED IN SUIT FOR DIVORCE

G. Stanley McKenzie, a traveling salesman, claims in a suit for divorce filed today against Myrtle V. McKenzie that whenever he was away from home his wife was in the habit of meeting Walter Doe, but that he did not discover the fact until last April.

Pearl A. Pedlar was granted a final decree of divorce from Chester C. Pedlar on the grounds of cruelty. Pauline Jacobs has sued Joseph Jacobs, alleging cruelty, and asks \$200 per month alimony, claiming that he has an income of \$200 per month as a San Pablo avenue saloonkeeper.

HISTORIC DOCUMENT FOUND IN MUSEUM

An ancient Portuguese document, long hidden in the museum at Golden Gate Park, where it was brought by M. H. De Young, has been discovered by Father J. Gall of St. Joseph's Portuguese Church of this city, who yesterday translated the dusty old sheet, to be of great historical value to California, being none other than a description of the landing of Juan Rodriguez Cabrillo in the port of San Diego in 1542. According to Professor George Barron the document is probably genuine. It had been lying around among other books and papers in the museum of the country for years.

Little is known of Cabrillo, who was buried in an unmarked grave near Santa Barbara. He is declared to have been the discoverer of California.

FACES BURGLARY CHARGE.

William Rasmussen, an ex-convict, was arrested this morning in San Francisco by Inspectors of Police Drew, Quigley and McCarthy and charged with burglary in the home of Anna Shumaker, 1059 Forty-sixth avenue.

POLICE LOOKING FOR INCENDIARY

Home of Mrs. M. Williams Is Endangered in Second Arson Attempt.

Two attempts to set fire to the barn adjoining the home of Mrs. Morgan Williams, 2442 Seminary avenue, last night, endangered the lives of the members of the Williams family and has started an investigation in the hope of discovering the incendiary who is believed to be an enemy of Mrs. Williams. The Melrose police have detailed men to watch the home, and the detective bureau will investigate the crime.

This is the second attempt that has been made to set fire to the home of Mrs. Williams. About ten days ago a fire basket was found near the house, and the attempt failed of its object only by being discovered in time.

Ralph Childs, a neighbor, told the police that he had seen a man lurking about the place early yesterday morning before daylight. The police have obtained a description of the man.

Mrs. Morgan accidentally discovered the first fire last night before it had gained sufficient headway to endanger her home. With the help of neighbors she extinguished the flames.

Shavings, paper and oil-saturated rags were found placed against the barn. Mrs. Morgan notified the police. The first fire occurred shortly before 8 o'clock. At about 10 o'clock, happening to go to the rear of her home, Mrs. Morgan saw flames rising from behind the barn again. She summoned assistance and the second fire was extinguished.

CO-RESPONDENT DENIES CHARGE OF COMPLICITY

That he had been named as co-respondent in the divorce suit of Mr. and Mrs. E. W. Hooper through a misunderstanding, is the statement of H. R. McDonald, who yesterday was made a party to a suit for separation.

"Mr. Hooper had no business naming me in this," he declared. "I am absolutely innocent. The man has been unfriendly to me and has made threats. I am going to see an attorney about it."

CHIEF WHITE GIVES ADVICE TO CHILDREN

SAN FRANCISCO, Oct. 17.—Chief of Lee White made an address before the New Era League at a luncheon at the St. Francis Hotel today, in which he urged that children should appeal to the police more frequently. O. K.'S THE TANGO.

CLEVELAND, O., Oct. 17.—The tango dance has been vindicated in Cleveland. After hearing the case of Asa Anderson, dancing teacher, against City Dance Hall Inspector Myers, Judge Vickery yesterday ruled that the tango is perfectly moral.

Myers forbade Anderson to teach the tango. Anderson sued and Judge Vickery ordered Myers not to interfere. Anderson and a girl partner danced the tango before Judge Vickery.

OCEAN BED SINKS IN PANAMA EARTHQUAKE

PANAMA, Oct. 17.—Reports received here from the center of the recent seismic disturbances indicate that startling changes are taking place in the bed of the ocean off the coast of Los Santos province, in the vicinity of the town of Tonosol. One point about 15 miles distant from the main land a cable repair ship found that a depth of 1000 feet on the chart of the United States war department, published in 1904, now shows a depth of 5000 feet, indicating that a vast subsidence has taken place.

DRUG CONSIGNMENT TAKEN BY OFFICERS

SAN FRANCISCO, Oct. 17.—The inspectors of the California State Board of Pharmacy made a \$3000 seizure of morphine and cocaine yesterday morning in the ferry office of the Wells-Fargo Express Company. The drug was consigned to B. F. Settles, who is said to be the head of the drug ring in this city. Through the capture yesterday, almost all of the illegal supply in the city is in the hands of the board and the price has jumped to prohibitive figures. The seizure is one of the largest ever made by the board.

The Return of Blood Eruptions

No Reason Why Anyone Should Suffer Such Disheartening Experience.

No case of poisoned blood is ever cured until the last destructive germ has been eliminated from the system. And the only remedy that is annihilated in the tissues and stimulates cellular activity to overcome harmful germs is the famous S. S. S.

A few doses of this wonderful blood purifier will start such pronounced activities in the cellular tissues of the body as to soon show decided changes in the skin.

The skin is but a fine network of tiny blood vessels, and the specific action of S. S. S. is to cause by osmotic attraction to be a pronounced stimulation of the activity of these cells. Certain it is that in a surprisingly short time even the worst skin eruption shows a most remarkable change. It begins to dry up, the skin peels off in tiny flakes, and soon a layer of clear, healthy and firm tissue results.

The reason for this is in the peculiar stimulation of S. S. S. which enables the cells in the skin to select from the blood the nutriment it requires for regeneration. Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause both cutaneous eruptions and internal troubles, S. S. S. so corrects the blood that this poison is rejected and eliminated from their presence.

This fact has been demonstrated in cases of severe skin eruption that had seemed to be incurable.
You can obtain S. S. S. at any well stocked drug store. If you insist upon it, but be sure you are not talked into something else claimed to be "just as good."
S. S. S. is prepared by The Swift Specific Co., 215 Swift Bldg., Atlanta, Ga.

Alameda City Clerk Shows the Statistics of Birth Rate of Nipponese.

ALAMEDA, Oct. 17.—City Clerk T. C. Coughlin delights in figuring statistics, and in the rounds of his duties obtains much inside information. He has discovered that the Japanese residents of Alameda are far outdistancing the whites in the matter of births. If the percentage of births among the white population was as great as the Japanese, 1500 babies would have been born in this city.

There are now 500 Japanese in the city of Alameda and up to the present time thirty babies have been born. There are 25,000 whites and 270 babies have been born.

It is one of the duties of the city clerk to certify to all birth certificates filed with the health officer. He placed the

return of the Japanese association of Alameda, takes care of all official matters for their countrymen and one of these is the filing of birth certificates. Particular attention is paid by the Japanese to having the official stamp placed on all these certificates.

Slander Suit May Prove Sensational

Senator Judge Harris today set December 15 as the date for trial of the \$10,000 slander suit brought by Attorney Howard Hannon of San Francisco against Deputy District Attorney Ezra W. Decoto. District Attorney Hannon, who, with Deputy Walter J. Burpee, is appearing for the defense, has not yet determined whether or not a jury will be demanded. The sensational answer to the suit which was filed this week indicates that the defense is preparing to make a hard fight to substantiate the alleged slanderous statement made by Decoto as prosecuting attorney in the police court before Justice R. B. Tappan on August last, during the hearing of a charge of alleged failure to provide against Frank E. Hall.

DEPOSITIONS TAKEN IN SLINGSBY CASE

Vice-Consul Young Hears Statement of Witnesses.

SAN FRANCISCO, Oct. 17.—Behind closed doors and with several witnesses in attendance, the taking of depositions in the Slingsby case was resumed before Vice-Consul Douglas Young of the British Consulate this morning.

The session began at 9 o'clock and was not concluded until after noon, but a great deal of secrecy surrounds the proceedings, and counsel on both sides are refusing to make any statements. A great deal of interest is centered in the case which involves the alleged substitution of a babe born out of wedlock for the lawful heir of Lieutenant Charles Reynard Slingsby, who is to inherit a portion of a million-dollar estate bequeathed by the late Rev. Charles Slingsby of Yorkshire.

Yesterday's session was significant by

the fact that Mrs. Slingsby, who was examined by the British consul, was testifying against the Slingsbys as a friend of Mrs. Hattie Blain of 1322 McAllister street, who is expected to testify that Mrs. Slingsby did not give birth to a child at the McAllister-street home, as has been alleged.

Lieutenant Slingsby and his wife shortly before noon sent a request to District Attorney Fickert asking his attendance at the hearing where the depositions were taken.

Fickert consented to go and left immediately for the office of the British Vice-Consul.

Caminetti Granted Stay of Execution

SAN FRANCISCO, Oct. 17.—F. Drew Caminetti, son of the commissioner general of immigration, was granted 20 days' stay of execution in the federal court here today in order that the prosecution may have a chance to amend his bill of exceptions already filed and an appeal taken to the circuit court. At the same time Maury I. Diggs was granted a like period in which to perfect his bill of exceptions, which his counsel hopes to file within the next few days.

Caminetti and Diggs are under sentence, respectively, to 18 months and two years in the penitentiary for transporting Lola Norris and Marsha Warrington from Sacramento to Reno in violation. It is claimed, of the Mann white slave act.

RECESS OF CONGRESS IS UNDER DISCUSSION

WASHINGTON, Oct. 17.—Recess of Congress while the senate banking committee works on the administration currency bill was the foremost topic at the Capitol today, centering about negotiations between the President and Senate Democrats for some agreement. Leader Underwood, who talked to President Wilson on the subject several days ago, still was waiting to hear of the progress of negotiations for an agreement either in a date for reporting the currency measure or a vote.

GOODSPEED CASE AGAIN CALLED

The Presbytery to Meet Next Wednesday Afternoon to Consider Matter.

At what, it is expected, will be a well-attended session, the Presbytery of Oakland will meet next Wednesday afternoon to take up the matter of Rev. P. G. Goodspeed, pastor of the First Presbyterian Church, whose long fight with the church officers, culminating in his resignation, the refusal of the majority of the congregation to accept it, and the demand of the congregation committee for another resignation, will be considered.

The case was taken up in Santa Rosa at a brief meeting of the Presbytery, at which it was decided to thoroughly thresh out the matter in Oakland. The meeting will be held at the Brooklyn Presbyterian church.

The special committee of consultation will make its reports, both sides of the case heard and definite action taken.

The decision of yesterday offsets all efforts to get the matter before the Synod, the body considered a victory for the friends of the pastor. Rev. L. A. McAfee of Berkeley yesterday before the Presbytery emphatically stated that there was no reason for the Synod taking up the matter. In the meantime, Roscoe Jones, appointed to lay the case of the

against the Presbytery meeting. A huge petition urging the retention of the pastor will be submitted, and the friends of the pastor, representing the majority of the congregation, will appear in his behalf.

Merced Abandoned As Total Wreck

SAN FRANCISCO, Oct. 17.—The steam schooner Merced, which was wrecked at Pt. Gorda Wednesday night, was abandoned this morning, a total wreck, and being left to pieces on the rocks. The steamer Yosemite of the same line, to which all of the passengers have been transferred, stood by until today, when orders were sent by wireless for her to proceed to Portland immediately. Prior to leaving Captain Asplund, his chief engineer, and four sailors attempted to remove a quantity of machinery badly needed at St. Helena. The remaining number of the crew arrived here this morning and told of the battle to save their ship.

FRESNO PIONEER IS KILLED IN COLLISION

FRESNO, Cal., Oct. 17.—E. L. Apperson, a pioneer and vineyardist of Fresno, died this morning four hours after sustaining injuries in a collision between an automobile truck and a street car. Apperson was driving the automobile across a busy street. The car bore down on him and struck his automobile before he could bring it to a stop. Apperson was crushed under the street car fence, sustaining injuries of a fatal nature.

DEVLIN ADMIRES CORHAN; SEAL, A SWEET FIELDER

Looks Like Shortstop Is Ripe for Another Trial East

(By BILLY FITZ.)

ARTHUR DEVLIN has seen enough of Roy Corhan of the Seals to make him join the ranks of those who wonder how it is that this hustling infielder

on the coast, including Schaller, Overall, Leifield and Johnston, figure that Corhan has it on Buck Weaver, the ex-Seal who is now playing with the White Sox. Corhan's work has shown consistent improvement all season, and right now he is playing wonderful ball.

Roy has a wonderful whip, a remarkable capacity for getting over ground, and he gets the ball away from him in major league style. In fact, Corhan represents 100 per cent of the effectiveness of the Seal infield. For a long time Corhan experienced a batting slump which it seemed impossible for him to hit the ball safely. Since August he has been improving, and now it is no uncommon occurrence for him to hit a home run or to fence in a pinch.

"He's a sweet ball player," mused Devlin admiringly, "he watched him in action yesterday. 'Plenty of pop and williness.'"

Corhan would very probably be with the White Sox now had it not been for the fact that a member of that very same team in 1911 he was "beaten" by Russell Ford, the Yankee speed merchant. Corhan was never the same player after that and was released to the Seals, indications are that he has recovered from the effects of the mishap and is now ripe for another chance in fast company.

The Portland Beavers crossed another pennant goal yesterday by winning their third straight game from Los Angeles in the first of a double header, and although they dropped the second, further defeats will not alter their position in the percent column.

The first game went thirteen innings. While Portland was building a 5-run lead in the first six innings, the delivery of James was a complete mystery to the Los Angeles batters. But in the seventh they found him for four safe hits and tied the score. It was up and down until the thirteenth when the Beavers punched hits and added three runs, making the final score 8 to 6.

The second contest, which was called at the sixth on account of darkness, was a sub-par pitcher's battle between Kram and Slagle, with honors even until the final inning. The pitcher's battle was a close one, Slagle, who was in the lead with a single to center and Johnson followed with a home run, his second extra base drive of the game. The Beavers scored four runs with Portland scoreless.

A double steal by the Beavers scored the only Sacramento runs in the first inning yesterday. Kane's double, a sacrifice and Young's error gave Venice the tying run in the sixth. Slagle, who was over the right field fence in the eighth put over the run that decided a tight pitcher's battle in favor of Venice 2 to 1, and boosted the Beavers back to second place. After the first inning Baum allowed only two hits and was never in danger. Twenty-nine faced him during the game and only two of the other five were able to go as far as second in safety.

Charley Pruett showed no signs yesterday of his tendency to weaken after the seventh inning. He allowed but two hits, one of them a home run, and should have had a shutout to his credit. "Cheerful Charlie" had his underhand delivery working splendidly and was highly complimentary over the performance. It seems impossible, though, for the Oaks to win games on their own grounds.

Tommy's last game between the Oaks and the Seals has been so well advertised that the attendance will probably set a new mark of 10,000. The last large crowd to honor the old clear box. The new park is to be a reality, Cal. insists. The autumn season between the Oaks and the Seals will begin at 1:30. Mayor Ralph has promised to pitch a silver ball to Mayor Mott as the signal for the opening of the game.

Bruett and Panning pitched a grand game yesterday and it was too bad that the contest could not have been settled on its merits instead of being spoiled by a questionable decision on a fluke play. With the Seals leading 1-0, Cor opened the sixth inning with a triple over Johnston's head. Hettling's fly to Johnston was too short for Bert to reach a try for the plate, but Kaylor snatched one a little further out and also to Johnston, on which Cor raced home safely. The ball was thrown to Cartwright at third and Umpire Guthrie ruled the runner out for leaving his base before the fly was caught. The writer was watching Cor. He saw Bert with one foot on third, instantly watching Johnston as Cor made out a move, checked himself without leaving the bag, and seemed to be taking no chances, yet Guthrie was right there and apparently had no hesitation over calling Cor out.

Why not follow the example of Umpire Bush who in a similar play at Los Angeles a few weeks ago laid one hand on the runner at third and kept his eye on the ball. The second the ball was caught Bush removed his hand and the runner started. In that way the question of when the ball is caught is put right up to the umpire.

Clyde Wares Would Join Hogan

Clyde Wares is a candidate for the shortstop job on the Venice club. Clyde, who was with the St. Louis Browns this season, has written a friend expressing a desire to play there, and requesting him to acquaint Hogan with the fact.

Wares, who was with Oakland under Wolverton two years ago, was picked up in his hitting and fielding ability, should make him a valuable man. He is dissatisfied in St. Louis and probably will endeavor to get some club to buy his release.

It is possible that the Venice club may decide to do this. To secure a new shortstop and transfer Hosp to second base is believed to be in line with the plans of the Venice management for next season.

umpire, where it belongs, and no loophole is left for any dispute.

Other umpires would do well to adopt such a policy.

President Baum's inclination to slam the lid on baseball as soon as the season starts and keep it there will probably cause quite a little trouble. Slagle is inclined to kick over the traces and is finding support from Los Angeles and Venice fans who want to see the two teams stage an inter-city series. But Gus Hettling is willing to abide by the decision of the league president, but does not think the policy fair or consistent.

The players point out that if President Baum permits the clubs to rent the Coast League grounds to the Giants and White Sox, they will have the same privilege to California ball players.

The Oaks have been asked to play an exhibition game at Martinez in two weeks from Sunday and will probably do so. The Sacramento club intends to barnstorm through the Sacramento valley.

SCHAEFFER'S BEST WILL FACE ALUMNI TEAM TOMORROW

UNIVERSITY OF CALIFORNIA, Oct. 17.—The University of California Club will play its last game of the season against the Blue and Gold Varsity tomorrow afternoon.

So far the alumni players have given a very good account of themselves. They have defeated the freshman team by a 28 to 0 score, held the Stanford Varsity up to a 3 to 1 score and played a 2 to 1 game against the California Varsity. Captain Jack Glascock says that he has the strongest lineup of the season ready to go into the final game tomorrow. Last year's captain, "Johnny" Stroud, has come up from Bakersfield to play first base against the alumni. Besides Glascock and Stroud the former California men in the alumni lineup are Morris Miller, Malatesta, Swartz, Hansen, Price and Fletcher.

There are several surprises in the lineup that "Jimmie" Schaeffer has named to meet the alumni team. Two freshmen, Smith and Russell, will make their first appearance on the California Varsity. They will be partners to "Joe" McKim in the front rank. Montgomery is the third star man to be included in the lineup. Montgomery, however, has been on the Varsity squad for some time and has played several games in his position of full back. Tom Ellis, only partly recovered from a serious leg injury, will be seen again on the three-quarters line. Howard Fleming, another man just off the sick list, will be in the line-up, away. Fleming is a veteran of last year's team, on which he played middle guard.

Preceding the first varsity game a second string lineup will meet the Olympic Club fifteen. The Varsity "O" players will undoubtedly give the second varsity a hard rub for the honors of the game. Early in the season this team defeated the Stanford Varsity by a 5 to 3 score and recently played a 10 to 19 game against the New Zealand All-Backs. This will be the only appearance of the Olympic Club team on the California field this season.

LINEUPS. First Varsity—Forwards: McKim, J. Smith, Russell, Douglas, Saunders, Fleming, Kink, Grant. Five-backs: Hazeltine, Pearl. Three-quarters: Dilla, Lane, Hunt. Full-back: Montgomery. Second Varsity—Forwards: Williams, Crane, Fenstermacher, Hoskins, Shaw, Fish, Lockhart, Meyer. Five-backs: Sharp, Partrich. Three-quarters: Hayes, Witter, Hale. Full-back: Bogardus.

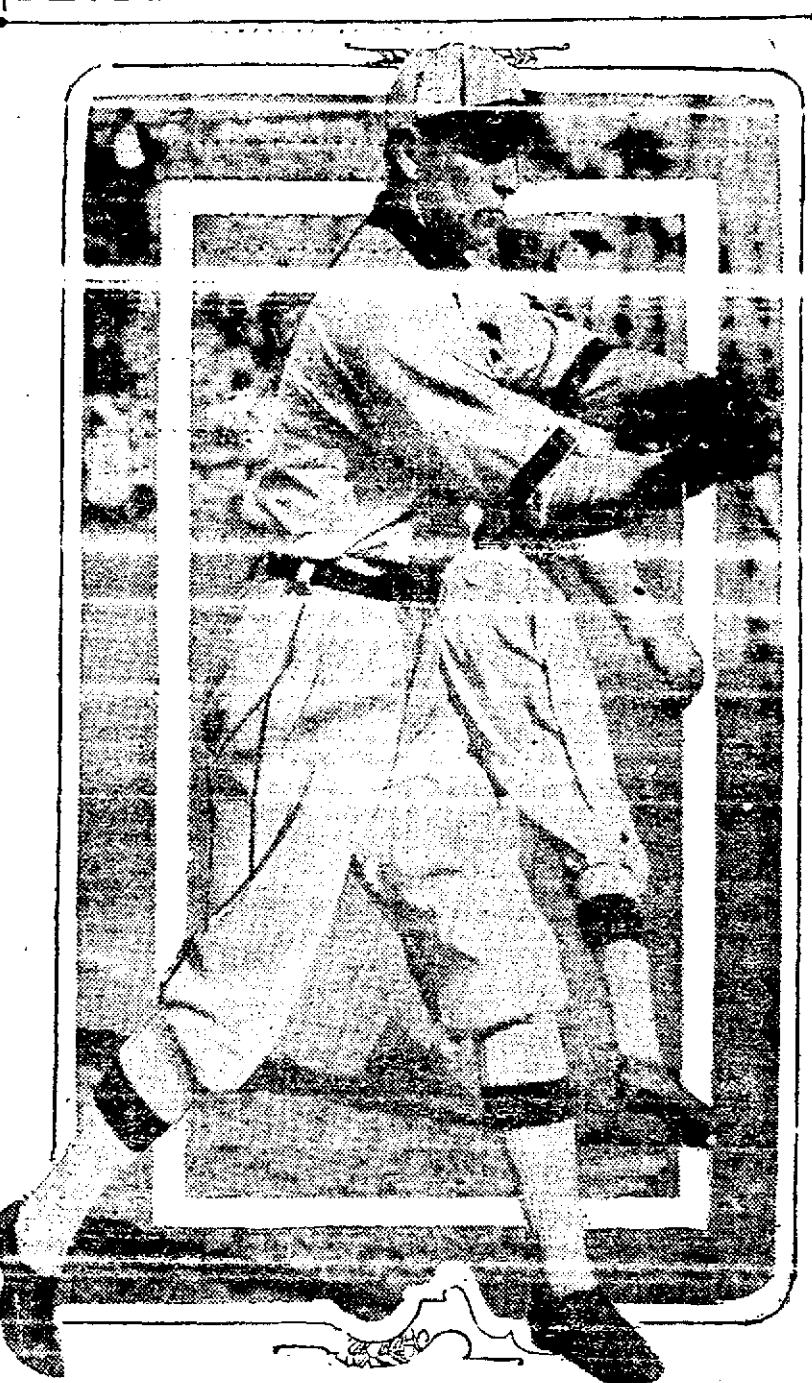

Santa Clara to Try New Zealanders

SANTA CLARA, Oct. 17.—The New Zealand All Blacks will meet the University of California Varsity tomorrow afternoon.

While Santa Clara cannot hope to beat the New Zealanders, their one hope is to score upon them. The Mission team went up to Stanford to make a special study of the All Blacks' methods.

The Santa Clara Varsity team will play the first game of the season tomorrow at the Portola track in San Francisco next Wednesday, so they will have two chances of breaking their loss.

WAIVERS ARE GIVEN ON "BOSS" DEVLIN MAY PLAY ON OCT. 23

HERE is a characteristic batting pose of Arthur Devlin, the new Oak manager, who has already brought the Oaks out of their slump by his earnestness. The Oakland club has received word that the formal waivers on Devlin have all been received, and that the ex-Giant may play ball with the Oaks on and after October 23.

Though the exact reason for the ruling in the Devlin case is not clear to the Oakland officials, they are satisfied to abide by it as Devlin would just soon watch the game from the bench. He will probably play in one game before the season ends, though local fans will not see him in action.

M'CREDIE TO SWITCH PLAYERS CLEVELAND GETS "PICKINGS"

Having been highly successful with the men procured from Cleveland last year via Toledo, Walter M'Credie, it is said, is planning still further reinforcements from the same club. While Bill James is the only one drafted from the Ducks, M'Credie will probably make a trade involving three members of the present champions.

During the middle of the present baseball season the Beaver leader declared that Cleveland did not have any interest in his club, and he was right. It has become known that Joe Birmingham of the Naps is after an outfielder. Doane has been doing well in the outfield for Portland, while "Doc" Lohr has made a hit with the fans. M'Credie has some good men on his infield, the least of whom is not John Rodgers.

In return for these men M'Credie will receive at least three players. Who these men will be is somewhat problematical, although it is said that "Blix" Stein, the pitcher, is slated to come back to Portland. No matter what happens, however, M'Credie is bound to have a good team again next season.

YALE'S FAMOUS TEAM TO MEET AGAIN AT CORBIN DINNER

NEW HAVEN, Conn., Oct. 17.—"Pa" Corbin, the captain of the famous eleven that 25 years ago ruled up 98 points against its opponents' nothing, has arranged for a dinner here next week of all the members of the team still living. It is expected that most of the famous lineup will be reassembled. The team then lined up as follows:

Left end, Alonzo Stage; left tackle, W. C. Rhodes; left guard, George Woodruff; center, "Pa" Corbin; right guard, "Pudge" Heffelfinger; right tackle, Charles Ginn; end, "Kidd" Wallace; quarterback, W. C. Wurtemburg; half-backs, Lee McClung and Billy Bull; full-back, W. P. Graves. Some of the old-timers assert that Corbin's eleven was the greatest that ever represented Yale.

STANFORD TO TACKLE BLACKS AGAIN

Stanford and New Zealand will meet in their second rugby match tomorrow afternoon on the Stanford field. The players who took part in last Wednesday's game will be pitted against each other for the second time and athletic experts predict a closer match between the two fifteens. It is expected that the experience gained last Wednesday will be of valuable assistance to the Stanford attack tomorrow. The game will be called at 2:30.

DENVER EVEN WITH MILWAUKEE

DENVER, Oct. 17.—Milwaukee evened the score in the series for the minor league baseball championship here, defeating Denver 5 to 3. The Western League and American Association pennant winners now have two games each to their credit. The next game is scheduled for tomorrow.

REES AND CAMPBELL ARE EVEN MONEY CHOICES FOR TONIGHT

Coffroth to Stage No Show at Daly City This Month: New Ring Gossip.

TONIGHT'S CARD of four-round bouts at Pavilion Rink, San Francisco.

JUNIOR SUPERBOUT VS. 21 AUGUST. Kid Exposito vs. Lee Johnson. Eddie Miller vs. Harry Williams. Harry Dell vs. Johnny Aarons. Johnny McCarthy vs. Battling Kelly.

Lon Simms vs. Rube Nyke. Jack Bratton vs. Ralph Cuman.

(By THE TIMEKEEPER.)

AY CAMPBELL and Louis Rees are on edge for their four-round bout at the Pavilion rink, San Francisco, tonight and if the boys box up to their reputations the fans should witness some lively milling. The articles call for 134 pounds at 4 o'clock this afternoon, but both lads have made the weight without weakening themselves and will be strong and rugged when they enter the ring. The betting still remains at even money, but there are rumors floating around about wagers on being in reserve to be waged at the last minute. Rees is a big favorite with the San Francisco fans, having trimmed Red Watson and a few others. He is the recognized king of the regular four-round lightweight, Frankie Burns not being considered in the short-bout class. Campbell licked Barrieu, the French-Canadian who had walloped Leach Cross, and is a mighty shifty lad.

The special event between Johnny Sudeberg and Al Rogers promises to be as interesting as the main event. They don't make them any gamer than this Sudeberg and Rogers will have to be a mighty hard hitter to do any good for himself. Moose Tausig's little scrap, Eddie Miller, will be seen in action against Harry Williams. Eddie is the king of the bantams and is the cleverest lad of his inches in this vicinity. Johnny Aarons, who has been knocking his opponents out in a round, will tackle Harry Dell, the veteran from North Beach. Johnny does not figure to get Dell in a round, but his friends are laying odds that he cops the decision. Lee Johnson will mix with Kid Exposito and some rattling good preliminaries have been arranged by matchmaker Al Young.

"The gamest bunch of sports that ever visited Stockton" is what the Stockton Mail has to say about the boys who attended the Hockey scrap Tuesday night. The local delegation lost over \$1000 on the scrap, but they had plenty left to celebrate on and showed plenty of speed.

Bob Shand was notified by Promoter Jimmy Coffroth last night that there would be no entertainment at Daly City this month. Bob wanted Coffroth to put Otto Berg on with Frank Logan for twenty rounds, but did not think this was an attractive enough prospect to bring the fans out to Daly City. Berg is in training and stands ready to meet any middleweight the promoters may select. As Otto is a big favorite with the local and San Francisco fans it is strange that the promoters pass him up.

Between Ed Campbell of San Francisco and Benny Charles, the Denver bantamweight, at Vernon November 4 were medically concluded today, when Camp accepted terms offered by the Pacific Athletic Club for the upcoming bout.

THERE'S THAT SOMETHING about Bertillion Hats, that individuality, that just a little different, that sign of superiority. QUALITY DE LUXE—A fitting name for these highest grade Men's Hats. The fall derbies in black, brown, etc., are very attractive this year, both on account of the graceful outlines and nobby little band effects. Soft hats come in velours, in plushes, silk naps, and the smooth and scratch felts are unusually beautiful this season in design, color and material. This hat at \$3.50 strikes home to

HATS WORTH WEARING—A cutting expression, because you see hats offered every day at \$2.50 that figuratively are not worth \$2.50. Our fall derbies are counterparts in style and finish of the most expensive hats on the American market. The quality is a dollar better than offered by ordinary hat-selling places. The soft goods in velours, smooth and scratch felts, cloth hats with the velvet bands, in artistic finishings, backed by a larger variety to select from than is shown by any other three stores on the Pacific Coast, makes BERTILLION the most for your money.

We work to please you, to satisfy you, to make you a customer of this store, to recommend this establishment to your friends and acquaintances. To have Californians understand that Bertillion's name in a hat signifies the best in the world for the money year in and year out.

ABSCCESS FORMS UNDER JOE'S LIP; WOULD REST

Rohan to Announce Tonight's Protege's Decision Regarding Anderson

THERE is a possibility that Joe Azevedo, the Portuguese lightweight, who lost a close decision to Dundee last Tuesday night, may withdraw from his scheduled match with Bud Anderson on the 29th of this month. Azevedo seems worried over an abscess that has formed inside of his lower lip. He suffered a bruise there during a training camp bout, and the injury was further aggravated by the straight fight now being by the New York jumping-jack. Over the telephone this

Rohan, that he would prefer to rest for at least three weeks, in view of the swollen condition of his face.

Rohan said later in the day that the question of whether or not Azevedo would meet Anderson would rest upon the result of a physician's examination at Sacramento this afternoon.

"I think myself," said Rohan, "that Azevedo is unnecessarily worried, and I hope that a visit to a doctor will convince him that the injury is nothing more than a boil that will heal before the Anderson match. If Joe insists upon laying off for a while I am prepared to sign up a capable substitute. I have lined out today for Dick Hyland, Frank Barrieu and other star lightweight. Anderson is anxious to fight here, and I don't think he will complain if it is necessary to switch opponents on him."

LYNCH JOINS JOHNSON ALL-STAR RUGBY GAME IN MOVE TO RETAIN BIG SERIES

LIKELY TO BE AT STANFORD

Garry Hermann's Plan for an Inter-league Series Fails to Find Support.

NEW YORK, Oct. 17.—President Thomas J. Lynch of the National League has lined up with Ban Johnson of the American League in the stand the latter recently took in opposition to the suggested abolition of the world's championship series in baseball. It has been quoted as August Hermann's scheme to do away with the series and substitute an inter-league series in which all of the major league clubs might participate, but President Lynch does not agree with the chairman of the national baseball commission in this idea.

Mr. Lynch said: "The world's series is a great thing. It is the only one of its kind in sports and arouses a nationwide interest. An inter-league affair would be so long drawn out that interest would lag and the games would become merely local contests instead of national importance."

Manager McGraw of the New York Giants, declared opponents for this year's title, was even more strongly quoted today in opposition to the Hermann scheme. He declared that the 22 games played between clubs were sufficient to decide the championship, but the players always wanted to see the victors get the spoils and want to declare themselves in on the most series harvest."

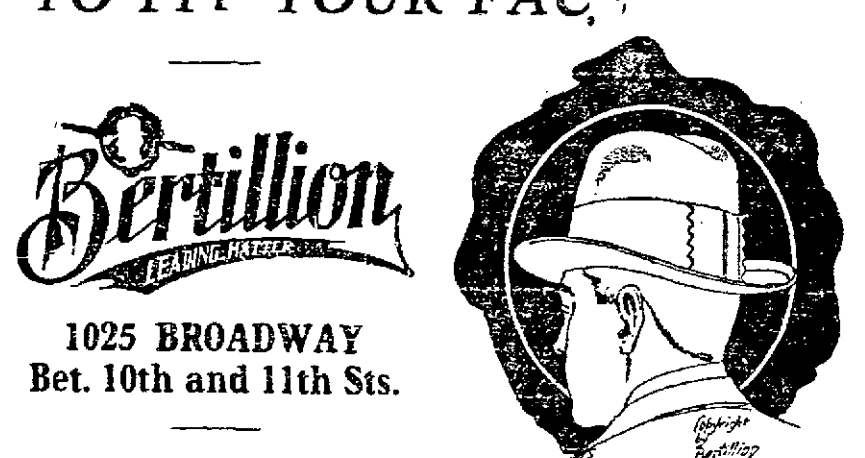

He added: "There is not a chance of the world's series being dropped. It is too great an event in baseball."

Local Fans to See the Noted Umps

Jack Sheridan, dean of the American League umpiring staff, has been selected as one of the umpires to accompany the New York Giants and Chicago White Sox on their world tour.

Only two umpires will be carried with the teams at the season time. Hank O'Day, of the National League staff, will work with Sheridan in the series of exhibition games to be played in this country. William Klem, also of the National League staff, will accompany the Chicago White Sox after they leave this country on November 19.

After the struggle had blown over and Patsy again took his seat on the Venturian bench, Brazier wired Allan T. Baum, president of the Pacific Coast League, that O'Rourke's language was abusive and suggested that for the betterment of Pacific Coast League baseball he be banished from the league.

THERE'S THAT SOMETHING about Bertillion Hats, that individuality, that just a little different, that sign of superiority. The crisp freshness about the stock and styles that bespeaks the latest, several weeks in advance of ordinary hat-selling places. October stock is by far the most complete ever offered under one roof west of Chicago.

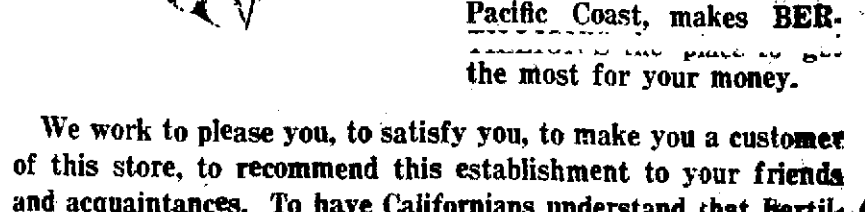

\$3.50

QUALITY DE LUXE—A fitting name for these highest grade Men's Hats. The fall derbies in black, brown, etc., are very attractive this year, both on account of the graceful outlines and nobby little band effects. Soft hats come in velours, in plushes, silk naps, and the smooth and scratch felts are unusually beautiful this season in design, color and material. This hat at \$3.50 strikes home to

\$2.50

HATS WORTH WEARING—A cutting expression, because you see hats offered every day at \$2.50 that figuratively are not worth \$2.50. Our fall derbies are counterparts in style and finish of the most expensive hats on the American market. The quality is a dollar better than offered by ordinary hat-selling places. The soft goods in velours, smooth and scratch felts, cloth hats with the velvet bands, in artistic finishings, backed by a larger variety to select from than is shown by any other three stores on the Pacific Coast, makes BERTILLION the most for your money.

We work to please you, to satisfy you, to make you a customer of this store, to recommend this establishment to your friends and acquaintances. To have Californians understand that Bertillion's name in a hat signifies the best in the world for the money year in and year out.

FREMONT HIGH TO MEET STOCKTONIANS TOMORROW

Local Fifteen to Tackle Stockton 'Hi' on Oakland Gridiron; Notes

PROSPECTS at Fremont high for a successful football season were never brighter, according to J. B. Nash, coach and manager of the team, than at this time. This is the first year that the Melrose division school has seriously taken up gridiron activities. Fremont's 3 to 0 victory over the University of California freshmen squad last season, and the end of comment among rugby lovers.

Nash is extremely pleased with his squad, though light in aggressive and has mastered the fine points of the game. As yet this division of the team moves rather slowly. However, Nash expects to remedy this defect, as soon as the boys acquire more confidence in the game, most of them being new to the sport.

LOS VALUABLE MEN.

Manager Leslie Fletcher and Bill McGee, members of the team, have left the school, both transferring to White's academy in Berkeley to round out their education. Fletcher, who was manager, was a reliable man in the rear rank, while McGee, who was a player, was a valuable man in the front rank. Although the absence of these two will naturally weaken the team, Nash does not anticipate any great difficulty in putting in new material to fill the hole.

Johnny August, well known in local sporting circles and an alumni member

of Fremont, is assisting Nash in putting the team into shape. Sixty boys are out for places on the team, and those who do not make places on the first squad will be "fitted" off for contests with lighter squads. This will give all of the youngsters an opportunity to get in a couple of hits, and will have been bolstering for next season's 15.

STOCKTON SATURDAY.

Fremont will tackle Stockton here tomorrow. De Wald and Howell have been picked to handle the Oakland game. Though work at lock, Belisara and Welsh have been selected for sideland. The other positions will be handled as

Rear rank, Baldwin and Lloyd; wing forward, Sabin; half, Meltzer; first five, Gardner; second five, Proctor; three-quarter, Meadows; wings, Gantner and Green; full back, Price; Morris, Weber, Woolsey and B. Holmes, substitutes.

At a meeting of the team yesterday afternoon, Earl Baldwin was chosen captain to succeed Paul McCoy.

As yet no schedule game has been arranged for Berkeley high, but this matter will be settled at a later date. The Oakland game, which was precipitated by a small sized riot several weeks ago, has been probably met again before the season closes to show "that no hard feeling exists."

RATS FOUND INFECTED WITH BUBONIC PLAGUE

SEATTLE, Oct. 17.—Four of 10 rats caught in the same building and Health Commissioner J. E. Crichton at once ordered the city rat catchers to exterminate all the rats in the neighborhood.

The owner of the building ordered it torn down as soon as the first plague rat was found. There are the first plague rats secured in Seattle in the last two years. Dr. Crichton believes they came ashore recently from some Oriental liner. He said he would be able to help the city employing a regular force of rat catchers who guard the waterfront against rats coming ashore from ships arriving from the Orient.

Shoplifting Is Lure for Woman, Arrest Follows

LOS ANGELES, Oct. 17.—Because she wanted to experience the sensation of arrest, Miss Helen Richards, 48 years old, became a shoplifter, according to her story, and was a prisoner in the city jail today. "I had read of so many women being arrested for shoplifting and of being released after telling sad stories that I desired to find out what it was like," she said. Miss Richards, however, did not offer a sad story and was ordered held for arraignment before a police magistrate.

PENSIONS FOR TEACHERS ADVOCATED BY SIES

WASHINGTON, Oct. 17.—Pensions for teachers in public schools, to be derived

the individual States and without contributions, are advocated by Raymond W. Sies in a bulletin issued today by the United States Bureau of Education. Dr. Sies' recommendation is based on an in-depth study of the pension system maintained abroad. In suggesting the adoption of pensions in the United States, Dr. Sies declares the Scotch system, based on scientific insurance principles, is especially valuable. However, he has his highest approval, for, unlike France, that country finances the entire plan and administers the funds.

NIELSON SINGS WITH FERVOR OF SOUL

Discriminating Audience Is Moved by Vocal Art of Soprano.

Program Rendered Gives Wide Range to Fair Prima Donna.

That singers as well as property, are not without honor, save in their own country and their own homes was indicated last night when Alice Nielson sang before a small audience at the Macedonia theater. Last week all Oakland society and most of the music lovers turned out in force to hear Geraldine Farrar, who had never been on the Pacific coast before.

The difference between the two audiences was both of quantity and quality. Nielson's audience showed a more delicate appreciation of the art of vocalism in its response.

Comparisons between great singers are stupid. Rough classifications can be made, but if an artist is worth hearing it is because the rough classifications have been transcended, and that singer has established a place for herself, a place to which the categories do not extend.

But certain broad contrasts between Nielson and Farrar present themselves. In so striking a manner that they may throw some light upon the work of the two singers.

Nielson began in the chorus in the old Throat opera house in San Francisco, in the busy days when Parris Hartman and Gracie Plasted were idols across the bay. She fought her way up through the ranks, through all the wild jungle of musical comedy to the forefront, dropped her crown as queen of the art and began all over again at the bottom to climb to the top in grand opera.

FARRAR'S METEORIC CAREER. Farrar was born with a gold tuning fork in her mouth. She made her debut in Berlin at 19 as Marguerite in "Faust," and has never since taken a minor role. She walked from the studio to become a teacher to the middle of the spotlight in grand opera, and has held that spotlight ever since.

Perhaps Farrar is the greater artist. But the different schools in which the two women received their training has told upon their art. Farrar is musical, beautiful, and Nielson puts all her soul into her singing, and can achieve simplicity where Farrar overemphasizes her art.

Farrar is the iridescent butterfly of song, winging her way in all the pride of her gorgeous and delicate coloring through the weaving melodies. Nielson is a woman with a wonderfully sweet voice and a magic charm of personality giving all she has and open-hearted love of her work and her hearers.

The program of song rendered last night was not as happily selected as the one given by Farrar a week ago. It failed to maintain the same standard of excellence throughout, but there were high points of beauty at which it attained blood brotherhood with perfection.

THRILLS WITH ANA. In the great Puccini aria "Vissi d'arte" she gave a demonstration of metropolitan quality, the quality that has made her prima donna in one of the greatest opera houses in the world. She soared up to the thrilling 12 flat that stands as the credit of that wave-like aria without the remotest suggestion of effort, allowing the full-throated tone to sing itself pure and round for a moment like a glowing core of light backed by the dark.

As an encore to the Italian brilliance of the Puccini aria Nielson sang the wonderful old favorite, "The Last Rose of Summer." She sang it with a delicacy and simplicity which Farrar failed of reaching in the rendition of "Gloves Me If I Can." Those Entering Young Chorus. It was not the great rendition when set the old Morocco's opera house in San Francisco cheering Sembrich in frantic applause. But it was a thing of beauty that will be long remembered by those who were privileged to hear it.

Nielson rendered the dainty "Mandolin" of Debussy with fine artistry, and the pure smoothness of her voice was heard to advantage in both the German lieder and the two groups of English songs.

MARTHA WASHINGTON DIVORCES GEORGE

SOUTH SAN FRANCISCO, Oct. 17.—Rather than stand in the way of her daughter's happiness, Mrs. Martha Washington of South San Francisco, divorced her husband, George, so that her daughter could marry him and now she has welcomed home her former spouse, not as husband but as son-in-law. George Washington, who is a blacksmith and no relation to the Father of His Country obtained his divorce just a week ago and yesterday he was married in Oakland to Elsie Bergmann, his stepdaughter.

Mrs. Washington brought the suit for divorce in the Superior Court at Redwood City on the grounds of cruelty. Washington did not contest it and the divorce was granted by default. It was said at the time Mrs. Washington, who was Mrs. L. D. Bergmann, brought action that her husband had grown more fond of her daughter than her and that she was going to step out of the way. She asked no alimony but simply wanted the bonds of matrimony broken.

No marriage license has been issued in Oakland to the parties mentioned in the above dispatch. A marriage license is good only in the county in which it is issued.

It was 1 a. m. and very dark when the lads were caught bunking in the booth. Leland, not knowing Professor Hammar was in the direction he saw two deer, fired with an automatic rifle. The bullet struck Hammar in the abdomen, killing him instantly.
